The rule

An order is real only when Suzy starts it with "Suzy says". The same orders without those words are traps.

Commands in story order

1 Jump on red / blue / green / yellow	Mat; the first trick colour comes here
2 Look at me	Mat; face the TV
3 Touch the sunflower painting	Living room
4 Come back to the mat	Living room
5 Touch the rubber duck	Bathroom
6 Crouch / look at the floor / look at the window	Fast, mixed with traps
7 Look at the drawing on the fridge	Kitchen
8 Look behind you / close the front door / look at the ceiling	Front door; do not open the door
9 Hide	Whole house; the longest stretch
10 Jump on the bed / jump on the couch	Bedroom, living room
11 Bring four candles back to the mat	Whole house
12 Look at these symbols	Mat; last order of the night

Keys

Space	jump
Mouse	look
C	crouch
WASD	move

Tips

If you cannot tell whether she said her name, turn subtitles on. If the game punishes a command you followed correctly, that is a known bug.
