

Issues relating to transmutation of data

Factors Effecting Bandwidth And Latency

- * Not being near a cell tower
- * Other people using the network
- * Performance of the device

Choosing IT Systems

User experience
How easy it is to use

User needs

The Role Of The Operating System

Networking	Control access to resources and devices and a network managing printing user management backing up files
Security	Run ongoing checks Analysed and collected to create picture about system health
Memory Management	Multi-user OS runs from a server allocate memory space to apps and tasks
multi-tasking	scan viruses scan the web word processing Allow each process to a tiny amount of processor power
