Block Title: String Methods

I am column 1	And column 2
This is where I place notes and longer text.	

2nd block created

```
{
    " fol der s": [
       {
           " pat h": "."
       },
       {
           " pat h": " C: \\wa mp6 4\ \www \\u dem y-p hp- mys ql"
       }
    ],
    " set tin gs": {},
    " ext ens ion s": {
        " rec omm end ati ons ": []
    }
}
```

A code block of JSON - copy paste didn't work. Cheatography had a problem with the tabs. Had to space everything out by hand using spaces :-(

The 3rd Block

Why did the chicken cross the road?

To get to the other side

Haha, questions and answers
