HTML Setup

HTML Doctype Declaration	<!DOCTYPE html>
Head tag	<head></head>
Title tag	<title></title>
Style tag	<style></style>
Body tag	<body></body>
Comment	<!--example comment-->

HTML Character Entity References

<	<
>	>
&	&
©	©
non-breaking space	&-nbsp; (without dash)
"	"

Character entities help avoid rendering issues which conflict with HTML, safeguard against more limited character encoding and provide characters not available on a keyboard

Heading Elements

Heading One	
Heading Two	
Heading Three	
Paragraph Text	

List Elements

Ordered List	
Unordered List	
List Item
