nature of t	raditional	enciety	and c	ulture
nature or t	autuonai	SUCIELY	anuuu	ulture

- Families adhere to a patriarchal ideology

- Endorsed trad gender roles

- Traditionalist/collectivist based

- Family is extended - extended families often live in close living quarters

- Trad culture is fleeting as a result of westernisation and industrialisation

- Core religion is Hinduism

- Caste system is existent but the ties inbetween are not as strong due to technology replacing trad roles

- Each caste has its own customs, traditions, practices and rituals etc

- A Republic with a president (advised by PM and a head of council

- Males have more power than women	(control their families, husband/brothers>w- ife/daughters)
- Women have	1/100 GIRLS REACH
little to no power	GRADE 12 IN
(lack of education)	RURAL INDIA
- Hinduism holds	800+MILLION
most religious	FOLLOWERS OR
power	83% OF POP
Lichar agatas hold	more newer then lower

- Higher castes hold more power than lower castes

- Untouchables have absolutely no power over others, and very little power over themselves

macro		
Micro	many apects changed durasically	e.g. joint families slowly dying out + nuclear families are becoming the "new thing"
Meso	even the slightest changes can become a trend = change as a while	e.g. eruption of religious conflict = many commun- ities fell apart
Macro	what the govt changes affects india + global community	e.g. people rebelling against the govt bc of change = neglect and frustration

change Influx of = empowers indian society low cost smartphones, laptops + mobile plans

e.g. tech companies = drive growth, create jobs, increased access to resources, education and healthcare (:. lower poverty rates + improved lifestyles for wider society)

change (cont)

	redirects the rate of change transformatively (opportunity to grow and prosper)	
Access to ultrasound machines	 adversely affecting the growth of the female population 	
	accessible, cheap and portable ultrasound machines = sex-selective abortion rate increasing	
63 MILLION WOMEN ARE SEEMINGLY 'MISSING' FROM THE POP ACCORDING TO THE INDIAN GOVT		

EST 10 WOMEN DIE EVERYDAY DUE TO UNSAFE ABORTIONS

56% OF ABORTIONS IN INDIA ARE EST TO BE UNSAFE

8-9% OF ALL MATERNAL DEATHS IN INDIA ARE DUE TO THESE UNSAFE **ABORTIONS**

> families considering females as "unwanted children" = 21 MILLION GIRLS VICTIMISED

gender based neglect =

a 2018 study found that approx 239,000 girls under the age of five died every year between 20000 and 2005

Trends and future directions

Prevailing social patriarchy; and

LIKELY	PROBABLE CONTIN-
CHANGES	UITIES
- More women	- Strong stereotyping of
joining the	gender roles = likely to
workforce/in	have no change
higher	(dominance of tradition)
positions	

Published 30th October, 2022. Last updated 30th October, 2022. Page 3 of 3.

Trends and future directions (cont)

- More advanced and reliable in terms of education	- 47.78% out of school children in india are girls (countedilli- terate in the next census)
- higher lit rate of females for the 3rd year in a row	 inequality based on gender differences resulted in female literacy rates being lower at 65.4% (than that of their male counterparts at 82.14%)

The average literacy rate of females (15-48 yrs) has shown an overall increase ° 84.8% in 2016, 85.3% in 2017 and **87%** in 2018

Importance of technologies (prediction)

- increasing access to tech with lead to further modernisation and increased affluence for indians (POS)

- increased access to information and opportunities (education, employment, new ideas) will allow indian women to achieve a more equal status with men (POS)

- the improvements in prenatat gender scanning technology and sellec- increased access to ultrasound tion: tech led to increases in gender selective abortion (NEG)
