The Math That Matters

Exam cost vs first-year pay	a $404 Security+ exam against a ~$100K salary is 0.4% of year one
Experience multiplies	certs open the door; 2-3 years of experience moves you up the ranges
Stack, don't collect	Security+ to CySA+ to CISSP is a ladder; random certs are a pile
Cheapest entry	A $9.99 practice simulator + a $404 exam is the lowest-cost career change in tech
