

change current directory (Up)

```
#1st method
import os
print(os.path.dirname(os.getcwd()))
os.chdir(os.path.dirname(os.getcwd()))
print(os.path.dirname(os.getcwd()))
#2n method. several ups
import os
print(os.path.abspath(os.curdir))
os.chdir("../..")
print(os.path.abspath(os.curdir))
```

Under construction...

more will come
