Capybara Cheat Sheet Cheat Sheet

by Rachel Wolfe (ddovii) via cheatography.com/908/cs/3061/

Click

click_button '*text on button*'

click_button '*id*'

click_button '*title*'

click_button '*value*'

click_on '*link_or_button_text*'

click_link '*link_id*'

click_link '*link_title*'

click_link '*link_text*'

click_on '*link_or_button_value*'

find('*css_selector*').click

find(:xpath, '*xpath_selector*').click

Type

fill_in '*name*', with: 'text to type in field'

fill_in '*id*', with: 'text to type in field'

fill_in '*label*', with: 'text to type in field'

find('*css_selector*').set('text to type in field')

find(:xpath, '*xpath_selector*').set('text to type in field')

Other Actions

select 'text of choice', :from => 'select_id'

select 'text of choice', :from => 'select_name'

select 'text of choice', :from => 'select_label_text'

check('*name_of_checkbox*')

check('*id_of_checkbox*')

check('*text_of_checkbox_label*')

uncheck('*name_id_or_text_of_checkbox*')

attach_file('*name*', 'path/to/file/to_upload.png')

attach_file('*id*', 'path/to/file/to_upload.png')

attach_file('*label_text*', 'path/to/file/to_upload.png')

choose('*radio_button_name*')

choose('*radio_button_id*')

choose('radio button label text')

Capy

Navigate

visit 'url'

page.driver.browser.switch_to.window(*window_handle*)

my_last_win_handle = page.driver.browser.window_handles.last

my_original_win_handle = page.driver.browser.window_handles.first

page.driver.browser.switch_to.alert.accept

Scoping

within(*'css_locator'*)

within(:xpath, *'xpath_locator'*)

within_frame('*name*')

within_frame('*id*')

within_frame('*index*')

Anything in the block is scoped by the within. e.g. use with block syntax:

```
within('#div_id') do
  click_button('button_id')
end
```

Verify

expect(page).to have_content('words on page')

expect(*location*).to have_content('words in an area')

expect(*page_or_location*).to_not have_content('unexpected words')

expect(current_url).to have_content('part/or_all/of_url')

expect(page).to have_selector('*css_selector*')

expect(page).to have_selector(:xpath, '*xpath_selector*')

expect(page).to have_selector('*css_selector*', count: 12)
