

Introduction

The 2016 Title 24, California's building energy efficiency standards, takes effect at the beginning of next year, as California imposes a host of new requirements on any building undergoing renovations or remodeling

Building Type Lighting Energy Table

Building Type	Allowed Lighting Power (Watts/sq ft ²)
Auditorium	1.4
Classroom	1.1
Commercial & industrial Storage	.06
Convention Center	1.0
Financial Institution	1.0
General Commercial/Industrial Work	1.0
Grocery Store	1.5
Library	1.2
Medical/Clinic	1.0
Office	0.8
Parking Space	0.2
Religious Facility	1.5
Restaurant	1.1
School	0.95
Theater	1.3
Other Buildings	0.5

Energy Efficient
