

We, the undersigned

We, the undersigned, call upon those seeking to represent us in public office to sign the Contract from America and by doing so commit to support each of its agenda items, work to bring each agenda item to a vote until all items are passed, and pledge to advocate on behalf of individual liberty, limited government, and economic freedom.

Individual Liberty

Our moral, political, and economic liberties are inherent, not granted by our government. It is essential to the practice of these liberties that we be free from restriction over our peaceful political expression and free from excessive control over our economic choices.

Limited Government

The purpose of our government is to exercise only those limited powers that have been relinquished to it by the people — chief among these being the protection of our liberties by administering justice and ensuring our safety from threats arising inside or outside our country's sovereign borders. When our government ventures beyond these functions and attempts to increase its power over the marketplace and the economic decisions of individuals, our liberties are diminished and the probability of corruption, internal strife, economic depression, and poverty increases. Economic Freedom. The most powerful, proven instrument of material and social progress is the free market. The market economy, driven by the accumulated expressions of individual economic choices, is the only economic system that preserves and enhances individual liberty. Any other economic system, regardless of its intended pragmatic benefits, undermines our fundamental rights as free people.
