

### When to Access G-Code

- ☐ At start of care/therapy evaluation
- ☐ At each progress report / once every 10 treatment visits
- ☐ At time of a substantial change in condition (Re-Certification)
- ☐ At time of discharge
- ☐ To end reporting of one functional limitation and to begin reporting of a different functional limitation
- ☐ If the patient is seen for only one visit and further services are either (1) not medically necessary or (2) will be rendered by another provider, then all 3 codes are to be reported.

### Selecting the Severity Modifier Guidelines

- ☐ Use the severity modifier that reflects the score from a functional assessment tool or other performance measurement instrument
- ☐ If multiple tools are used, clinical judgment is used to combine these results to determine a functional limitation percentage
- ☐ How the severity modifier was determined must be documented in the clinical record

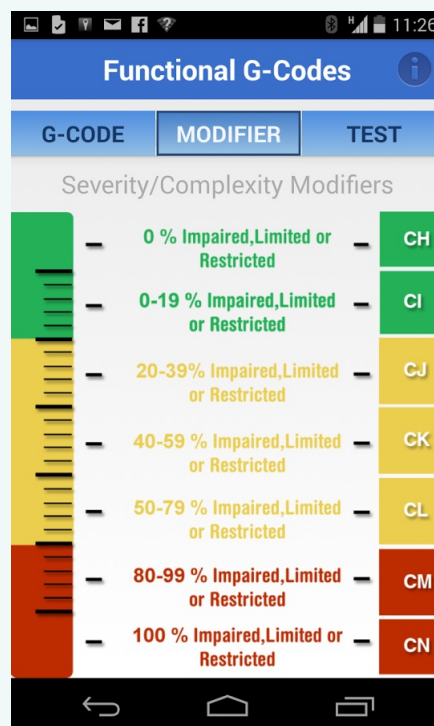

### When to Use the "Other" Functional G-Codes

- ☐ A functional limitation is not defined by one of the four categories;
- ☐ Therapy services are not intended to treat a functional limitation (e.g., unstable fracture or lymphedema) kl
- ☐ A composite or global functional score is used which does not clearly represent a functional limitation defined by one of the four functional categories

### G-Codes & Categories

Functional Area	Eval	Goal	Discharge
Mobility: Walking & Moving Around	G8978	G8979	G8980
Changing & Maintaining Body Position	G8981	G8982	G8983
Carrying, Moving & Handling Objects	G8984	G8985	G8986
Self-Care	G8987	G8988	G8989
Other Primary Functional Limitation	G8990	G8991	G8992
Other Subsequent Functional Limitation	G8983	G8994	G8995

### Chart

### Modifier - Impairment Limitation Restriction

Modifier	Impairment Limitation Restriction
CH	0% impaired, limited or restricted
CI	At least 1% but less than 20% impaired, limited, or restricted
CJ	At least 20% but less than 40% impaired, limited or restricted
CK	At least 40% but less than 60% impaired, limited, or restricted
CL	At least 60% but less than 80% impaired, limited, or restricted
CM	At least 80% but less than 100% impaired, limited, or restricted
CN	100% impaired, limited, or restricted
