

### Basic Character Generation Steps

Basic character generation uses the following steps:

1. Roll characteristics and determine characteristic modifiers.
- 2 a. Choose a homeworld.
- b. Gain background skills.
- 3 a. Choose a career. You cannot choose a career you have already left.
- b. Roll to qualify for that career.
- c. If you qualify for that career, go to Step 4.
- d. If you do not qualify for that career, then you can go to the Draft or enter the Drifter career. The Draft can put you back into a career you have been forced to leave, at your old rank. You can only apply for the Draft once.
4. If this is your first time on this career, get your basic training.
5. Choose a specialisation for this career.
- 6 a. Choose one of the Skills and Training tables for this career and roll on it.
- b. Roll for survival on this career.
- c. If you succeed, go to Step 7.
- d. If you did not succeed, then events have forced you from this career. Roll on the Mishap table, then go to Step 9.
- 7 a. Roll for Events.
- b. Optionally, establish a Connection with another player character.
- 8 a. Roll for Advancement

### Basic Character Generation Steps (cont)

- b. If you succeed, choose one of the skills and training tables for this career and roll on it. Increase your Rank and take any bonus skills from the Ranks table for this career.
- c. If you roll less than the number of terms spent in this career, you must leave this career.
- d. Military characters (Army, Navy, Marines) can roll for commission instead of rolling for advancement.
9. Increase your age by 4 years. If your character is 34 or older, roll for Aging.
10. If you are leaving the career, roll for Benefits.
11. If you have left your current career, then go to Step 3 to choose a new career, or to Step 12 if you wish to finish your character. Otherwise, go to Step 5.
12. Finalise any Connections with other characters.
13. Choose a Campaign Skill Pack and allocate skills from that pack.
14. Purchase starting equipment and, if you can afford it, a spacecraft.

### Determining Characteristics

Roll 2d6 six times and allocate them to the six basic characteristics in any order. Record dice modifiers according to characteristic score in the Dice Modifier table.

### Characteristics

- Strength (Str):** A character's physical strength, fitness and forcefulness.
- Dexterity (Dex):** Physical co-ordination and agility, reflexes. A character's Dexterity affects his accuracy in ranged combat and his reaction speed.
- Endurance (End):** A character's ability to sustain damage, stamina and determination. A character's resilience is based on his Endurance score, so a character with a low Endurance score will be very vulnerable in a firefight.
- Intelligence (Int):** A character's intellect and quickness of mind. Intelligence is used in a great many skill checks.
- Education (Edu):** A measure of a character's learning and experience. Education is also used in a great many skill checks.
- Social Standing (Soc):** A character's place in society. Characters with a high Social Standing can claim a noble title in the Imperium and will find life much easier thanks to their reputation and contacts.
