`-a`	A command flag e.g. //<command> -a [flag-value]
To view this information ingame use `//help [category|command]`	

Brushes (equipping)

Bind to any click:	`/br <brush>`
Equip it to right click:	`/br primary <brush>`
Equip it to left click:	`/br secondary <brush>`
FAWE has brush tools that allow you to build and draw from far away. When you enable a brush, it gets bound to your currently held item. You can have different tools bound to different items and up to two brushes bound to a single item.
