To view this information ingame use //hel p [categ ory |co mmand]

Brushes (equipping)

Bind to any click:	/br
Equip it to right click:	/br primary
Equip it to left click:	/br secondary

FAWE has brush tools that allow you to build and draw from far away. When you enable a brush, it gets bound to your currently held item. You can have different tools bound to different items and up to two brushes bound to a single item.
