

Headings

uk-h1 ... uk-h6	Change a heading size to look like another heading
uk-img-preserve	kills responsive behavior of images

Grid

uk-grid	Forms the outer grid boundary.
uk-width-1-1	Fills 100% of the available width.
uk-width-1-2 ...	Divides the grid into halves.
uk-width-1-10	Divides the grid into tenths.

The grid has no style related CSS.

Responsive Width

uk-width-*	Affects all device widths, grid columns stay side by side.
uk-width-small-*	Affects device widths of 480px and higher. Grid columns will stack on smaller sizes.
uk-width-medium-*	Affects device widths of 768px and higher. Grid columns will stack on smaller sizes.
uk-width-large-*	Affects device widths of 960px and higher. Grid columns will stack on smaller sizes.

To create a margin between stacking grid columns, just add the data-uk-grid-margin attribute.
