Definition

According to the Merriam Webster dictionary, feedback is "the transmission of evaluative or corrective information about an action, event, or process to the original or controlling source."

Recommendantions when giving feedback.

1.- Do not wait until the end of the course or program to give feedback. feedback can be giving after every activity.
2.- Be positive and honest when giving feedback.
3.- Give feedback in different ways, do not repeat the same phrase over and over. if you have to go deeper for the student to get that he/she needs to improve, do it.

Techniques to give Feedback.

1.- Approach your students with a good attitude, do not intimidate them or offensive.
2.- Corrective Feedback: tell your students the areas they need to improve and help them how to improve.
3.- Understanding and supportive feedback: this kind of feedback is to cheer up our students not to punish them. Give them time to express needs and feelings about the class.
4.- Constructive and not-judgmental Feedback: teacher allows the students to make mistakes by making sure the students know that mistakes are crucial when learning.
