

Q Core Promise Methods

then(onFulfilled, onRejected, onProgress)

done(onFulfilled, onRejected, onProgress)

catch(onRejected)

finally(cb)

progress(onProgress)

Q Deferred Properties

Q.defer()

promise

resolve(value)

reject(reason)

notify(value)

makeNodeResolver()

Q(value) also creates a promise.

Q Object Methods

get(property)

invoke(methodName, ...args)

past(methodName, args)

keys()

Q Function Methods

fcall(...args)

fapply(args)

Q Array Methods

all()

allSettled()

spread(onFulfilled, onRejected)

Q Promise Utility Methods

thenResolve(value)

thenReject(error)

delay(ms)

timeout(ms, message)
