

### Offending statistics

- Black people are 7x more likely to be stopped and searched than white (Ministry of Justice 2009-10)
- Asian people are 2x as likely to be stopped and searched
- Overall number of arrests in the UK decreased by 3% from 2005-2010, but the number of arrests of -black people rose by 5% and Asian people by 13%!
- Black people were 3x more likely to be arrested than white in 2010
- Bowling and Phillips (2006) - Crown Prosecution Service more likely to drop cases involving black suspects, suggesting police charge black people more frequently based on inadequate evidence
- In 2013, black people made up 3.1% of the population but 14.2% of stop and searches. Asians made up 6.4% of the population but 10.3% of stop and searches
- Despite news headlines, offending rates among eastern european communities were in line with the population (Association of Chief Police Officers 2008)

### Police stop and searches by ethnicity (2019-20)

White	50
Black or black British	17
Asian or Asian British	11
Chinese or Other	2
Mixed	3
Not stated	17

### Victimisation statistics

- Adults from black, Asian and mixed ethnic groups are more at risk of being a victim of personal crime than white people e.g. black people 5x more likely to be murdered than white (CSEW 2012-13)
- This has been consistent since 2008-9 for adults from black and mixed ethnic groups
- This has been consistent since 2010-11 for adults from Asian ethnic groups
- Inter-racial crime (offending by one ethnic group against another) - racially or religiously aggravated offences recorded by police decreased between 2005-2010
- Intra-racial crime (offending against someone of the same ethnic group) - Home office evidence: one in three gun murders, both offender and victim are black

### Victims of domestic abuse by ethnicity

White	11
Mixed	23
Asian/Asian British	8
Black/Black British	13
Other	14

### Victims of domestic abuse by ethnicity
