Hooks React Cheat Sheet

by irvincnt93 via cheatography.com/140591/cs/29903/

Hooks

useState	`const [count, setCount] = useState(0);`
useReducer	`const [todos, dispatch] = useReducer(todosReducer);`
useFriend-Status	`const isOnline = useFriendStatus(props.friend.id);`

Hooks basic

toast

```
<Toaster position="top-center" reverseOrder={false} gutter={8} />
```

react-hot-toast

```
toast('Hello World');
toast.success('Successfully created!');
toast.error('This is an error!');
toast.custom(<div>Hello World</div>);
toast.loading('Waiting...');
`
```
