what and when is it used?

Simple past is a way to talk in the past tense with as few verbs as possible. The simple past is often used in writing and isn't found commonly in everyday speech. You might hear it in speech if:

- someone is telling you a story
- its more convenient

Regular verbs follow a pattern of endings. It is practically the same as the present tense ending, but simple past will have an extra e or te as shown below:

example

infinitive	sagen	tanzen	putzen	spielen	
ich	sagte	tanzte	putzte	spielte	
du	sagtest	tanztest	putztest	spieltest	
er,sie,es	sagte	tanzte	putzte	spielte	
wir	sagten	tanzten	putzten	spielten	
ihr	sagtet	tanztet	putztet	spieltet	
Sie, sie	sagten	tanzten	putzten	spielten	

Irregular verbs

Irregular verbs for simple past doesn't have much of a pattern, you have to remember which verb is irregular(if the stem change letters when conjugated) and which word you replace them with.

There is a rough pattern of changing the stem and adding either -st, -en, -t or nothing

example

infinitive	finden	sprechen	essen	fahren
ich	fand	sprache	aß	fuhr
du	fandest	sprachst	aßest	fuhrst
er,sie,es	fand	sprach	aß	fuhr
wir	fanden	sprachen	aßen	fuhren
ihr	fandet	sprachet	aßet	fuhrt
Sie,sie	fanden	sprachen	aßen	fuhren

how it works (cont)

this tense is used to express future intentions, although, in spoken German, it is more common to use the present tense for this.

Present Perfect (Perfekt)

Mixed verbs

when a mixed verb is conjugated in the simple past, it has the endings of weak verbs and has stem changes.

there aren't many and make up a lot of common words, you will remember them through repeated use.

example

infinitive	haben	wissen	denken	bringen
ich	hatte	wusste	dachte	brachte
du	hattest	wusstest	dachtest	brachtest
er,sie,es	hatte	wusste	dachte	brachte
wir	hatten	wussten	dachten	brachten
ihr	hattet	wusstet	dachtet	brachtet
Sie, sie	hatten	wussten	dachten	brachten

what and when is it used?

This is also called the perfect tense. The tense is used to speak about actions completed in the recent past. To use this tense you must use an auxiliary verb and a past participle verb for the auxiliary verb it'll be haben or sein to turn a regular verb in a past participle verb, you must add ge- to the start, and -t to the end (with the exception of any regular verb that ends in -ieren)

Future tense (Futur 1)

how it works

When forming something that is future tense, you use the same rules as present perfect, instead of using haben or sein, you always use Werden

There are no new conjugations, use the Present tense conjugations.

example

infinitive	arbeiten	machen	fragen
ich	gearbeitet	gemacht	gefragt
du	gearbeitet	gemacht	gefragt
er,sie,es	gearbeitet	gemacht	gefragt
wir	gearbeitet	gemacht	gefragt
ihr	gearbeitet	gemacht	gefragt
Sie, sie	gearbeitet	gemacht	gefragt

Irregular verbs

Irregular verbs follow the same pattern as regular verbs, but instead of adding -t, -en is added. The stem may also change

example

infinitive	helfen	nehmen	laufen
ich	geholfen	genommen	gelaufen
du	geholfen	genommen	gelaufen
er,sie,es	geholfen	genommen	gelaufen
wir	geholfen	genommen	gelaufen
ihr	geholfen	genommen	gelaufen
Sie, sie	geholfen	genommen	gelaufen

Mixed verbs

Mixed verbs use ge- prefix and -t suffix like regular verbs, but the stem may change like irregular verbs.

example

infinitive	brennen	bringen	kennen
ich	gebrannt	gebracht	gekannt
du	gebrannt	gebracht	gekannt
er,sie,es	gebrannt	gebracht	gekannt
wir	gebrannt	gebracht	gekannt
ihr	gebrannt	gebracht	gekannt
Sie,sie	gebrannt	gebracht	gekannt

Haben or Sein?

As was stated before, along with a verb you must also use a auxiliary verb. In this case, haben or sein.

When to use Sein:

- The verb "sein" in perfect tense (Ich bin gewesen – I have been)

singen
- Verbs which describe that somebody or gesungen something physically moves to another gesungen place (fahren, schwimmen, fliegen, gehen, gelangen etc.)

gesungen
Verbs which describe a change of state or gesungen a verb which normally cannot be performed gesungen in "passive" (bleiben, aufwachen, sterben, gesungen werden etc.)

When to use Haben:

- The verb "haben" in perfect tense (Ich habe gehabt – I have had)
- All the verbs which do not fulfill the requirements to be used with "sein"

Future Perfect (Futur 2)

how it works

The future perfect is uncommon in German. To form the future perfect in German, you take the past participle of the verb being conjugated and use the correct conjugation of werden. Then use the appropriate verb(haben or sein) which is placed at the end of the sentence

The future perfect expresses the assumption that an action will have been completed by the time of speaking, or by a particular point in the future.
