God's Omniscience Cheat Sheet

by Lauren2509 via cheatography.com/44838/cs/13229/

Basics of omniscience

God is **all knowing** this includes the past, present and future.	Bible Verses
God is outside of time and can see all of time at once	*Before a word is on my tongue you know it completely*
Limited Omniscience is when God can only know what is *logically possible* some may think God chooses what he knows and doesn't to allow humans *free will*	*His understanding is infinite*
God's knowledge (if an everlasting God) could change over time	*Nothing in all creation is hidden from God's sight*
Reasons for this include "God's Plan"	*Whenever our hearts condemn us. For God is greater than our hearts, and he knows everything*

Calvin

Predestination	**Criticisms**
God has defined all outcomes of the universe and all time and space before creatiom	Single Predestination - God preselects the elect, but does not predamn the reprobates and they can save themselves (Frank A James)
Humans destiny is set before they enter the world	If people are dammed to go to hell why punish them with something he knew would happen
Elect will be saved to heaven no matter what life they lead	Immediately outrules an omnibenevolent God
Reprobates will not be saved and are dammed to hell, no matter their lifestyle	Completely rules out free will, as no matter what life you live you will be punished or rewarded based on something God decided for you

Calvin (cont)

Reprobates would be dammed for their sin, including original sin	N. Geisler - Moral determinism makes God immoral and humans amoral

Nothing happens but what God has knowingly and willingly decreed.

Parable of the Sower only flourish in the right conditions, predestined by God

God's omniscience of all time allows him to decide if you will live your life deserving of being an Elect

In love.. He predestined us
