

## Rohingya Grammar Basics Cheat Sheet

by LearnRohingya.com (LearnRohingya) via cheatography.com/79538/cs/19349/

Noun Classes			
	Definiteness	Singular	Plural
NC1	DEF	wa	un
	INDEF	ekzon* / uggwa	okkol
NC2	DEF	an	un
	INDEF	ekkan	okkol

**NC1** - Noun Class 1: Animate, inc. humans, animals, plants, and certain objects that are manipulated by humans, such as pen, book, etc.

**NC2** - Noun Class 2: Everything else inanimate, and abstract nouns, such as justice, freedom, etc.

\*Ekzon is used in the indefinite for humans and counting humans, e.g., *ekzon maštor* "a/one teacher" and *duizon manuš* "two men."

Noun	Noun Classes with Examples			
	Definiteness	Singular	Plural	
NC1	DEF	manušš <b>wa</b> "the man"	manušš <b>un</b> "the men"	
		fúllwa "the flower"	fúll <b>un</b> "the flowers"	
	INDEF	ekzon manuš "a man"	manuš okkol "men"	
		uggwa fúl "a flower"	fúl okkol "flowers"	
NC2	DEF	górgan "the house"	górgun "the houses"	
	INDEF	ekkan gór <i>"a house"</i>	gór okkol "houses"	

The bold letters represent the noun classifier endings. \* When suffixes, such as -an, -un follow nouns, ending in a vowel or -r, - g- is inserted between the noun stem and the suffix, however, there are few exceptions with loan words, e.g., tebilgan, not  $\frac{1}{2}$  tebilgan as one would expect.

① Note that non-referential nouns, such as time words, are unmarked for definiteness.

Rohingya N	loun Cases	
Cases	Suffixes (marked by)	Usage

Personal Pronouns

## Notes on noun inflection

**1** When the stem ends with a consonont and the suffix starts with a consonant, -o will be inserted. When the stem ends with a vowel and the suffix starts with a vowel, -y is inserted. Examples:

- ▶ šohor + -r → šohoror
- ▶ fuwa + -e → fuwa**y**e
- **1** When the noun stem ends with the glides **ai** and **ou**, the consonants **-y** and **-w** will be inserted between the noun stem and the case marker, respectively. Because of syllable constraint, **-o** is inserted before the case marker. Examples:
- ▶ bái + r → báiyor "brother's"
- bou + r → bouwor "wife's"

Personal Pronouns			
	Subjective		Objective
Gloss	Ergative	Gloss	Dative
1	ãi	me	ã <b>re</b>
you*	tui	you*	tore
