Totalitarianism

Totalitarian system subordinates the individual to the interests of the collective

Dissent is eliminated through indoctrination, persecution, surveillance, propaganda, censorship, and violence

Types of totalitarianism

Authoritarianism	Tolerates no deviation from state ideology. Deviation = punishment. Officals reg politics, pay less attention to social and economic structure of society.
Fascism	Organises nationed using corporatist perspectives, values and systems. Controls, using force and indoctrine, minds, souls and daily existance. North Korea, Burma.
Secular	Single party controls elections, tolerates dissent as long as does not challenge state, suppresses other ideologies.
Theocratic	Gov is an expression of prefered diety. Leaders claim to represent its interests on earth. Applis acient dogma rather than modern beliefs. Strick social and gender reg. Iran, Afganistan, Saudi Arabia.
Engines of totalitarianism	Economic development, inconsistancies, economic problems, standards of democracy

Monopolises power and uses it to regulate most / all areas of life.

Wide world of legal systems

Why are legal systems important?

Regulate business practices

Defines business policies, rights and obligations involved in business transactions

Because government of a country make laws they differ from country to country

Different countries have different laws and regulations, knowledge of common law, civil law, contract laws, laws governing property rights, product safety and liability for a country helps in business decisions.

Common law

Relies upon	Judge made precendents
How are decisions made	Refering to previous judgements, custom, reasoning. Only considers legislation after considering these factors.
Countrys	US, Canada, HK, NZ, England, India, Australia

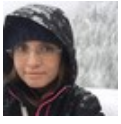

Civil law summary

Relies upon	Systematic codeification of accessable, detailed laws. Political officals translate legal principles into statutes.
How are decisions made	Judges apply statutes to resolve disputes. Unbound by precedent. Judges are constraining in interpretation of law.
Countries	Approx 150: Germany, Japan, France, Mexico.

Most widespread type of law

Theocratic law summary

Relies upon	Religious doctrain, precepts and beliefs. Legal auth is placed in religious leaders. They regulate business transactions and social relations based on sacred text. No separation of church and state.
How are decisions made	Based on sacred text.
Countries	Muslim and islamic are the most prevalent
