

Symbols

Ω	Omega
\cup	Union/Or
\cap	Intersection/And
'	Compliment (Not)
\in	Element Of
\notin	Not an Element Of
\approx	Tilde Operator, Similar to
\cong	Approximately Equal to
\equiv	Identical to

Sample Spaces

The set of all possible outcomes	Ω
A subset of the sample space	$A \subseteq \Omega$
Listing a sample Space	$\Omega = \{H, T\}$

Rules of a Probability Function

1. $P(\Omega) = 1$
2. $P(A) \geq 0$ for all $A \subseteq \Omega$
3. $P(A \cup B) = P(A) + P(B)$ if A and B are disjoint ($A \cap B = \emptyset$)
