HRH Policies must be comprehensive

go beyond personnel admin	incorporate all aspects of HRM
HRM = set of transectional activities	HRM include traditional functions

HRM = set of transectional activities?

Acting globally on the HR system, so that the workforce is used in ways that effectively contribute to meeting the health needs of the population.

HRM includes traditional functions?

recruitment of personnel	negotiations with professional groups and unions

Reforms usually envisage changes in working conditions, and responsibilities or training programmes.
