### m3.3 CGT Asset (s.108-5)

Land and Bldg (related together, or as separate assets)	Shares in a company
Leases	Units in a Unit Trust
Goodwill	Rights and Options
Licenses	Convertible Notes
Contractual Rights	Interest in Partnership or in an asset of a Partnership
Foreign Currency (but not AUD cash)	Any major capital improvement made to certain land or pre-CGT assets
*Personal use assets	*Collectibles
Know-how ( <b>not a CGT asset</b> ) ▶	Intellectual Property > CGT asset

\*Special CGT rules applies

**Collectibles (s.108-10)** e.g. artworks, jewelry, antiques, coins, rare books & postage stamps

**Personal Use Assets (s.108-20)** e.g. non-collectible assets, such as boats, caravans & sports equipment

### m3.3 CGT Assets - Personal Use (s108-20)

#### s.108-20 Personal use assets

- Assets held for personal use or enjoyment
  - E.g. Boats, caravans, jet-skis
- Except:
  - Land
  - Assets classed as collectibles
- Cost base excludes 3<sup>rd</sup> element (ownership costs)
- Disregard
  - Capital losses on personal use assets
  - Capital gain where the 1<sup>st</sup> element cost base ≤ \$10,000

### m3.3 CGT Asset - Collectables (s108-10)

#### s.108-10 Collectables

- A collectable is an asset held for personal use or enjoyment that falls within the given list:
  - E.g. artwork, jewellery, antique, rare coins, books and stamps
- Cost base excludes 3<sup>rd</sup> element (ownership costs)
- A collectable is an asset held for personal use or enjoyment that falls within the given list:
  - E.g. artwork, jewellery, antique, rare coins, books and stamps
- Cost base excludes 3<sup>rd</sup> element (ownership costs)
- Losses on collectables are quarantined
- Losses can only be applied against capital gains on collectables
- Disregard
  - Capital gain or loss where 1<sup>st</sup> element of cost base ≤ \$500

### m3.4 Capital Proceeds

Modification	Description
1. Market value substitution rule (s. 116-30) <sup>1</sup>	Capital proceeds are deemed to be equal to the market value of the underlying CGT asset where: <ul style="list-style-type: none"> <li>no proceeds are received (e.g. a gift)</li> <li>some or all of the proceeds cannot be valued</li> <li>actual proceeds differ from the market value of the asset, and the parties to the transaction did not deal with each other on an arm's-length basis (i.e. parties are not acting independently, or one party exercises influence or control over the other)</li> <li>actual proceeds differ from the market value and the CGT event is event C2 (cancellation, surrender and similar endings).</li> </ul>
2. Apportionment rule (s. 116-40)	Capital proceeds are apportioned if: <ul style="list-style-type: none"> <li>a payment relates to more than one CGT event</li> <li>only part of the proceeds relates to the CGT event.</li> </ul>
3. Non-receipt rule (s. 116-45)	Capital proceeds are reduced by any amount not received after reasonable steps have been taken to recover the amount. The non-receipt must not be attributable to anything that the taxpayer or taxpayer's associate has done or omitted to do.
4. Repaid rule (s. 116-50)	Capital proceeds are reduced by any non-deductible amount a taxpayer has to repay.
5. Assumption of liability rule (s. 116-55)	Capital proceeds are increased if another entity acquired the CGT asset from the taxpayer subject to a liability by way of security over the asset. The increase is equal to the amount of the liability the other entity assumes.
6. Misappropriation rule (s. 116-60)	Capital proceeds are reduced if an employee or an agent of the taxpayer misappropriates (whether by theft, embezzlement, larceny or otherwise) all or part of those proceeds. However, if the taxpayer later recovers an amount as recoupment for all or part of the misappropriated proceeds, capital proceeds are increased accordingly.

<sup>1</sup> The market value substitution rule does not apply to:
 

- CGT event D1 (creating contractual rights) where no capital proceeds are received
- the expiry of a CGT asset or the cancellation of a statutory finance (both CGT event C2) where no capital proceeds are received
- CGT event C2 where the event occurs in respect of shares or units in widely held companies or unit trusts (at least 30 shareholders/unit holders) and some capital proceeds are received (s. 116-30(2)).

 Source: Based on Revenue Ruling Assessment Act 1997 (Cth), Division 116, Federal Register of Legislation, accessed January 2023, [www.legislation.gov.au/Details/C20200307](http://www.legislation.gov.au/Details/C20200307).

#### Section 116-20 Capital proceeds include:

- Money received or receivable
- MV of any property received or receivable

#### Section 103-10 You are deemed to have received the money or property even if:

- Payment is not due until later or
- Payable in installment

\*\* You can have an income tax liability in the event year, even when you have not received the capital proceeds yet.

### m3.4 Capital Proceeds - Modification

#### Modification to capital proceeds

Market value substitution rule (e.g. if proceeds not received / cannot be valued / not at arm's length) – s.116-30

Apportionment rule (e.g. if proceeds relate to multiple CGT events or only part relate to a CGT event) – s.116-40

Non-receipt rule (e.g. proceeds are reduced by any amounts not recovered after taking reasonable steps) – s.116-45

Repaid rule (e.g. proceeds are reduced by any non-deductible amount the taxpayer has to repay) – s.116-50

Assumption of liability rule (e.g. proceeds are increased if CGT asset acquired by another entity and liability also assumed) – s.116-55

Misappropriation rule (e.g. proceeds are reduced if an employee/agent misappropriates the funds, subject to later recoupment) – s.116-60

### m3.4 Five Element of Cost Base

**TABLE 3.4 Five elements of cost base**

Element	Examples
1. The money paid, or required to be paid, in acquiring the asset plus the market value of any property given or required to be given.	A taxpayer pays \$1000 for a painting at an art auction. The first element of the painting's cost base is \$1000. A taxpayer purchases land for \$600 000. The vendor agrees that the purchase price can be paid in three monthly instalments of \$200 000. The first element of the land's cost base is \$600 000, even if all instalments have not yet been paid (s. 110-25).
2. Incidental costs incurred where no tax deduction has been or will be allowed for these costs.	The incidental costs can only include the following costs which, with the exception of the second last bullet point concerning the head company of a consolidated group, relate to acquiring the CGT asset, or to the CGT event (s. 110-35): <ul style="list-style-type: none"> <li>• remuneration for the services of a surveyor, valuer, auctioneer, accountant, broker, agent, consultant or legal adviser</li> <li>• transfer costs</li> <li>• stamp duty</li> <li>• advertising and marketing costs</li> <li>• valuation and apportionment costs</li> <li>• search fees</li> <li>• conveyancing kit costs</li> <li>• borrowing expenses, such as loan application and mortgage discharge fees</li> <li>• costs incurred by a head company of a consolidated group to a person outside the group that reasonably relates to a CGT asset transferred between members of the group</li> <li>• termination or similar fees as a direct result of the ownership of an asset ending.</li> </ul>
3. The costs of owning the CGT asset, but only where the asset was acquired after 20.08.91 and where no tax deduction has been or will be allowed for these costs.	These costs include: <ul style="list-style-type: none"> <li>• interest on money borrowed to acquire the asset</li> <li>• costs of maintaining, repairing and insuring it</li> <li>• rates or land tax</li> <li>• interest on money borrowed to refinance the money borrowed to acquire the asset</li> <li>• interest on money borrowed to finance capital expenditure to increase the asset's value.</li> </ul>
4. Capital expenditure incurred: <ul style="list-style-type: none"> <li>• for the purpose or expected effect of increasing or preserving the asset's value (does not apply to capital expenditure incurred in relation to goodwill)</li> <li>• that relates to installing or moving the asset.</li> </ul>	Initial (non-deductible) repair expenditure incurred on a CGT asset after its acquisition would be included in the fourth element of the cost base of the asset (see Taxation Determination TD 98/19; see module 2).
5. Capital expenditure incurred to establish, preserve or defend title to the asset or right over the asset.	Compensation payment made to a potential purchaser of a CGT asset when the sale contract is terminated would be included in the fifth element of the cost base of the asset.

Any expenditure relating to illegal activities, entertainment, penalties and bribes to a public official is **excluded** from the cost base of a CGT asset.

### Indexed Cost Base

- Assets acquired at or before 21 September 1999
- NOT subjected to indexation
- Indexation for CPI is not possible
- Held at least 12 months before the CGT event occurred

### Reduced Cost Base

- Similar to "Cost Base" excluding the Ownership Costs eg. interest on money borrowed or repairs

### m3.4 Cost Base - Detailed Element subdiv 110-A

### M3.4 Indexed Cost Base - 21 SEP 1999

When CGT was first introduced, the cost base (but not reduced cost base) was permitted to be indexed for CPI (if held > 12 mths)

- To prevent taxpayers being taxed on inflation
- Decreases the capital gain from the CGT event

Indexation ceased to be available for assets acquired on or after 21 September 1999

- Taxpayers already holding CGT assets may still use indexation but the CPI figure is frozen at the September 1999 quarter
- The CGT discount method was introduced for CGT events from this date

Cost base elements 1, 2, 4 and 5

- Indexed by CPI if pre 21/09/99
- Unindexed if post 21/09/99

PLUS Cost base element 3

- Unindexed

Indexation factor:

Index number for quarter in which CGT event occurred  
Index number for quarter in which amount was paid

Frozen at September 1999 quarter

### CPI INDEXATION FROZEN BY 21 SEP 1999

### m3.4 CPI

CPI numbers

Year	31 March	30 June	30 September	31 December
1999	47.8	48.1	48.3	—
1996	47.0	47.4	47.5	47.8
1997	47.1	46.9	46.8	46.8
1994	46.2	46.7	46.9	47.0
1995	45.8	46.7	46.5	46.0
1994	41.5	41.9	42.3	42.8
1993	40.5	40.9	41.1	41.2
1992	39.9	39.7	39.8	40.1
1991	38.9	39.0	39.3	39.9
1990	38.2	37.1	37.5	38.0
1989	37.7	37.0	34.2	35.2
1988	46.4	49.3	50.2	51.2
1987	45.3	46.0	46.8	47.6
1986	44.4	42.1	42.3	44.4
1985	37.9	38.8	39.7	40.5

Example:  
CGT asset purchased for \$50,000 in February 1990. Indexed cost base:  
= \$50,000 × (68.7 / 56.2)  
= \$51,100

### m3.4 CGT Gain - Exercise

CAPITAL GAIN = CAPITAL PROCEEDS > COST BASE

### m3.4 CGT Loss - Exercise

CAPITAL LOSS = REDUCED COST BASE > CAPITAL PROCEEDS

### m3.4 CGT Gain/Loss

Scenario	Outcome
Capital proceeds > Cost base	Capital gain
Reduced cost base < Capital proceeds < Cost base	No capital gain or loss
Capital proceeds < Reduced cost base	Capital loss

Given: shares bought 3-yr ago at cost for \$30k. Incurred ownership costs of \$3k during the last 3 yrs. In the current tax year, James sold the shares for \$32,000, triggering CGT Event A1. What is James' net capital gain or loss?

Ans: However, capital proceeds (\$32K) > Reduced Cost Base (\$30k) excl \$3k ownership costs, 3rd element is excluded from the reduced cost base) and so no capital loss arises.

### m3.4 Pre CGT Assets - 30 SEP 1985

CGT was introduced on 20 SEP 1985

### m3.4 Income Tax Priority

**Income tax priority rules**

**s.118-20 otherwise assessable**

- A capital gain is reduced to the extent that an amount is included in your assessable income under any provision other than CGT
- This means that ordinary income or other statutory income provisions apply in priority (i.e. take precedence)

**s.118-24 depreciating asset**

- Disregard a capital gain or loss in respect of a depreciating asset used wholly for a taxable purpose
- But if any private purpose then CGT event K7 applies

### m3.4 CGT Exemptions

**Exemptions within each CGT event**

- Select the most appropriate CGT event and then read the provision carefully for exemptions
- E.g. CGT event A1 on disposal will disregard a capital gain or loss in respect of pre-CGT assets

**Specific exemptions Div. 118**

- Many miscellaneous exemptions are listed
- E.g. cars (s.118-5(a)), personal injury settlements (s.118-37)
- E.g. collectables (s.5500), personal use assets (s.5104)
- Very large division on the main residence (Subdiv. 118-B)

### m3.4 CGT Exemption/Exceptions

Exception/Exemption	Requirement	Reference
Pre-CGT asset	Acquired before 20 September 1985	s.100-25(1)
Cars and motorcycles	< 1 tonne, < 9 passengers	s.118-5(a)
Collectables	First element of cost ≤ \$500	s.118-10(1)
Personal use assets	First element of cost ≤ \$10,000	s.118-10(3)
Main residence	Entire ownership period, not producing assessable income	Subdivision 118-B

### m3.4 CGT Rollover Provisions

Roll-over provision	Reference
Disposal of assets to, or creation of assets in, wholly owned company	Division 122
Replacement assets	Division 124
Damagee relief	Division 125
Same assets	Division 126

- Capital gain/loss disregarded
- Cost base of original asset maintained
- CGT implications deferred

### m3.4 Rollover - Deceased Estate

**Division 128**

- Generally, a capital gain or loss is disregarded on death
- Exceptions where:
  - CGT asset passes to a tax exempt entity
  - CGT asset passes to the trustee of a complying superannuation fund
  - Non-taxable Australian property passes to a non-resident (CGT event S)
  - Beneficiary deemed to acquire the asset at deceased's date of death
- Beneficiary cost base is:
  - Pre-CGT asset of deceased = market value at date of death
  - Post-CGT asset of deceased = inherited cost base and reduced cost base
  - Main residence not earning income = market value at date of death

### m3.4 CGT Events - D1 Creation/Start

Given:

Sale of Business = \$2mil

Non-compete clause (3years, 5km radius) - \$300k - Restraint of Trade\*

Legal fees - \$2k

### m3.4 CGT Events D2 Granting an Option

**CGT Event D2 (s.104-40)**

**Description:**

- Granting an option
  - Linda granted an option to a potential buyer

**Timing:**

- When option is entered into
  - When Linda and the potential purchaser signed the option contract

**Capital Gain/Loss:**

- Capital gain = Capital proceeds less Expenditure to grant or renew option
- Capital loss = Expenditure to grant or renew option less Capital proceeds
  - For Linda, a capital gain arises:
    - \$30,000 Capital proceeds – \$0 Expenditure (e.g. legal fees) to grant option = \$30,000 Capital gain

**Impact:**

- CGT Event D2 occurs when the option is granted
- If the option buyer exercises the option and purchases the house:
  - CGT Event D2 would be disregarded for Linda, and CGT Event A1 would apply instead
  - Capital proceeds for CGT Event A1 would then include the \$30,000 option premium

### m3.4 - CGT Event - A1 Disposal (s104-10)

Reduced Cost Base = ignoring ownership costs

### m3.4 F1 Lease

**CGT Event F1 (s.104-110)**

**Description:**

- When a lessor grants, renews or extends a lease
  - Rose is a lessor that has granted a lease

**Timing:**

- When lease contract is entered into; or
- If no contract, at the beginning of lease
- If lease renewal/extension, at start of renewal/extension
  - For Rose, this would be when the lease contract was entered into

**Capital Gain/Loss:**

- Capital gain = Capital proceeds less Costs of lessor granting, extending or renewing the lease
- Capital loss = Costs of lessor granting, extending or renewing the lease less Capital proceeds
  - For Rose, a capital gain arises:
    - \$20,000 Capital proceeds (i.e. lease premium) – \$2,000 Legal fees = \$18,000 Capital gain

**Impact:**

- If initial lease contract allowed a lease renewal at the end of the term, CGT Event F1 would be triggered upon the renewal (i.e. renewal premium subject to CGT Event F1)
- For long-term leases (> 50 years), lessor can elect to apply CGT Event F2
- CGT Event F2 capital gain = Capital proceeds less Cost base of lessor's interests in the land

### m3.4 CGT Event - C2 Forfeiture, Cancel, Surrender

**CGT Event C2 (s.104-25)**

**Description:**

- Cancellation, surrender and similar endings
  - Supermarket Pty Ltd has an intangible asset (exclusivity agreement) that has been cancelled

**Timing:**

- When a contract is entered into to end the intangible asset; or
- If no contract, the time that the intangible asset ends
  - For Supermarket Pty Ltd, this would be when the contract to receive settlement for the cancellation is signed by both parties

**Capital Gain/Loss:**

- Capital gain = Capital proceeds less Cost base
  - For Supermarket Pty Ltd, a capital gain arises:
    - \$3 million Capital proceeds – \$2 million Cost base = \$1 million Capital gain
- Capital loss = Reduced cost base less Capital proceeds
  - If the exclusivity agreement had not been cancelled prematurely (i.e. lapsed after 6 years):
    - \$2 million Reduced cost base – \$0 Capital proceeds = \$2 million Capital loss

### m3.4 CGT Event - C1 Loss/Destruction (s.104-20)

**CGT Event C1 (s.104-20)**

**Description:**

- Loss or destruction of a CGT asset
  - Katie's painting (CGT asset) was ruined by crayons (destroyed)

**Timing:**

- When compensation is received, or
- If no compensation is received, when the loss/destruction is first discovered
  - When Katie receives the \$55,000 insurance payout (compensation)

**Capital Gain/Loss:**

- Capital gain = Capital proceeds less Cost base
  - For Katie, a capital gain arises:
    - \$55,000 Capital proceeds – \$40,000 Cost base = \$15,000 Capital gain
- Capital loss = Reduced cost base less Capital proceeds
  - If the painting had been uninsured:
    - \$40,000 Reduced cost base – \$0 Capital proceeds = \$40,000 Capital loss

### m3.4 CGT Event - H1 Forfeiture (s.104-150)

**CGT Event H1 (s.104-150)**

**Description:**

- Forfeiture of a deposit
  - A deposit has been forfeited to Kara

**Timing:**

- When the deposit is forfeited
  - For Kara, this would be when the purchaser is unable to complete the purchase of the house

**Capital Gain/Loss:**

- Capital gain = Deposit less Connected expenditure
- Capital loss = Connected expenditure less Deposit
  - For Kara, a capital gain arises:
    - \$120,000 Deposit – \$500 Connected expenditure (legal fees) = \$119,500 Capital gain

**Exception:**

- If house is subsequently sold to another buyer, CGT Event A1 would instead be triggered
  - Forfeited deposit would be added to the capital proceeds of that sale

### m3.4 CGT Events for pre-CGT Asset - K6

**CGT event K6**

As the CGT interests in a company or trust (created before 30 September 1985) AND

- Certain other CGT events happen in respect to the pre-CGT interests in order to trigger the CGT event AND
- Not relevant for the other CGT events AND
- Market value of post-CGT property is at least 75 per cent of its net value.

The company or trust is not disposing of its assets. The taxpayer selling the pre-CGT shares or trust interests is receiving capital proceeds from a CGT event (A1) but because the gain is likely related to post-CGT assets held by the company or trust (where it makes up a high proportion of its net value) then a portion of the unrealised gain in relation to those post-CGT assets is apportioned to the taxpayer for CGT purposes.

### m3.4 CGT Event - K6 Exercise

POSSIBLE CAPITAL PROCEEDS:

	Land \$	Warehouse \$
Market Value	1.0m	4.0m
Cost Base	0.1m	3.5m
Unrealised CG	0.9m	0.5m

Unrealised gain / MV of post-CGT property 

TAX RULING 2004-18:

Step 1: How much of the capital proceeds relate to the post CGT asset based on its proportional value of total MV.  
 ► \$5mil x 80% = **\$4mil**

Step 2: How much of the \$4mil proceeds from step 1 relates to the unrealised capital gain in the post CGT property  
 ► \$0.5mil/\$4mil = **12.5%**

Step 3: Calculate the K6 Capital Gain

Capital proceeds attributed to post-CGT asset	×	Unrealised gain / MV of post-CGT property
\$4.0 million	×	12.5%
CGT Event K6 Capital Gain = \$0.5 million		

Pre-CGT Land = \$1 mil [When Sold - CGT Capital Gain is Disregarded]

Post-CGT Warehouse = \$4 mil ► represent 80% (\$4/\$5) **Apportionment**

Net Assets = \$5 mil

\* Capital Gain = Capital Proceeds reasonably attributable to unrealised capital gains in the post CGT property

\* NO Capital Loss

### m3.4 CGT Main Residence Exemption (s.118-110)

**Dwelling** (s.118-115)

- a unit of accommodation that: (1) bldg mainly used for residential accommodation, and (2) caravan, houseboat or mobile home

- a unit of accommodation that:

**Main Residence** factors to consider:

- length of time lived in the dwelling;

- intention to occupy the dwelling;

- taxpayer's address for mail

- taxpayer's address on the electoral roll.

**Exceptions to the Main Exemptions below:**

meaning Capital Gain/Loss still applies

1. if the dwelling was your main residence for only part of the ownership period

<https://readable.com>

### m3.4 CGT Main Residence Exemption (s.118-110) (cont)

2. if the dwelling was used for the purpose of producing assessable income (s. 118-190).

A capital gain or loss from a CGT event happening to an ownership interest in a dwelling can be disregarded if:

1. you are an individual
2. the dwelling was your main residence throughout the ownership period
3. you did not inherit the ownership interest (note that separate rules apply to beneficiaries of deceased estates).

### m3.4 Main Residence Exemptions

#### Adjacent Land - s.118-120

The Main Residence Exemption Extends:

##### ► Private Purpose

► Max Area: **Less than 2 hectares** less the area where the main residence is sitting

#### Absences - s.118-145

Absence period > 6 years (resets when returned and lived in the main residence)

Earning Assessable Income? (Indefinite exemption if not earning, like having it rent-free)

Can not claim 2 dwellings at the same time.

#### Key Points

Exemption only applies to **INDIVIDUAL TAXPAYERS**

### m3.4 Main Residence Exemption - Absences

### m3.4 Main Residence Exemption - Spouses

#### What Options are Available:

Given that Angela and Bill have different main residences, under s. 118-170, they could choose from the following options:

- 1) **Both** Angela and Bill nominate the **house as their main residence** and the apartment becomes **fully subjected to CGT**.
- 2) **Both** Angela and Bill nominate the **apartment as their main residence** and the **house** becomes **fully subjected to CGT**.
- 3) Angela claims the house as her main residence and Bill claims the apartment as his main residence.

#### The Solution:

Since Angela and Bill are spouses with different main residences, they could choose, under s. 118-170, to utilise any of the following options:

- 1) For both of them to nominate the house to be their main residence. This would make the house fully exempt from CGT. The apartment would however be fully subject to CGT and so there would be a capital gain of \$550,000 less \$500,000, being \$50,000. Angela's capital gain would be 60% of this, being \$30,000, and Bill's capital gain would be 40% of this, being \$20,000.
- 2) For both of them to nominate the apartment to be their main residence. This would make the apartment fully exempt from CGT. The house would however be fully subject to CGT and so there would be a capital gain of \$1 million less \$800,000, being \$200,000. Angela's capital gain would be 60% of this, being \$120,000, and Bill's capital gain would be 40% of this, being \$80,000.
- 3) For Angela to claim the house as her main residence and Bill to claim the apartment as his main residence.

Spouses can only have one wholly exempt dwelling at any time.

### m3.4 Foreign Resident - Taxable Au Properties

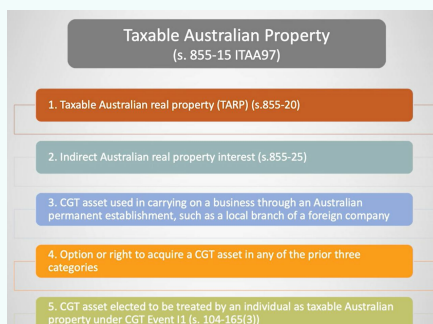

CGT assets that are **'taxable Australian property'** are always subject to CGT - even if the owner is a **non-resident**.

### m3.4 Foreign Resident Taxable Au Property

	Taxable Australian property	Non-taxable Australian property
Non-resident	CGT liability will only arise when such assets are subject to a CGT event (e.g. sale)	No CGT liability arises when CGT event occurs
Resident becomes a non-resident	No CGT liability arises until future CGT event occurs	CGT Event I1 occurs and CGT liability arises (unless elect to treat as Taxable Australian property, deferring the CGT liability until future CGT event)

### m3.4 Taxable Australian Property Category

s.855-15 ITAA97

### m3.4 Foreign Resident - Tax Au Property

1. **Taxable Au Real Property** - s.855-20

1.1 Real Estate

1.2 Mining, quarry, prospecting rights where the minerals are located in AU

2. **Indirect Au Real Property** - s855-25

2.1 Membership Interest (shares or units) in another entity (test entity) where:

### m3.4 Foreign Resident - Tax Au Property (cont)

cond a. the holding is 10% or more of the test entity

cond b. the principal assets, by market value, of the test entity consist predominantly of taxable Au real property

#### 3. CGT Assets used in carrying on a business through an Au Permanent Establishment

Asset owned by a local branch of a foreign co.

#### 4. Option or Right to Acquire a CGT asset in any of the prior 3 categories

5.\*\* CGT asset elected to be treated by an individual as taxable Au Property under CGT Event I1(s104-165(3) ITAA97)

5.1 Triggered when an Au Res ceases their Au Residency (exit tax on leaving)

5.2 Makes non-taxable Au Property subject to CGT at such a time (deemed disposal rule)

5.3 Taxpayer may elect to treat non-taxable Au Property as taxable Au Property

Treatment/Options:

1. CGT liability is deferred until a later CGT event happens
2. Subject to higher non-resident tax rates in Au
3. Not entitled to the full CGT discount

### m3.4 Rollover Provision

### m3.4 Rollover Provision - D122 Transfer

### m3.4 Rollover Provision - Div 124 Replacement

### m3.4 Rollover Provision SDiv 328G Restructure

### m3.4 Rollover Provision - Div 125 Demerger

### m3.4 Rollover Provision Div126 Same Asset RO

### m3.5 CGT Discount

Taxpayer	Discount
Individuals and trusts	50%
Complying superannuation funds and life insurance companies	33.3%
Other companies	0%

No CGT discount for Companies, NR on accrued capital gains after 08 May 2012

No CGT discount on GAINS where Indexation\*\* has been applied

No CGT discount for CGT Events -

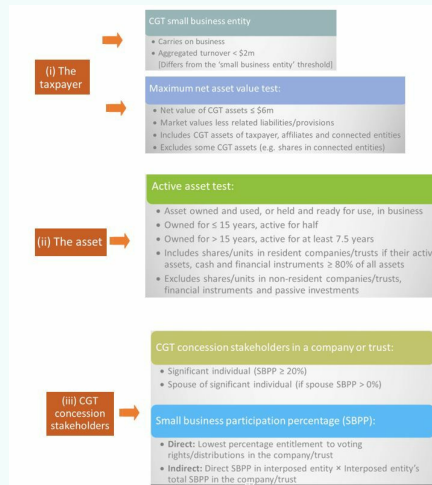

- ▶ D1 D2 D3
- ▶ E9
- ▶ F1 F2 F5
- ▶ H2
- ▶ J2 J5 J6
- ▶ K10

CGT Discount to apply - Requirements

- \* After 21 September 1999
- \* No Indexation of the Cost Base
- \* Owned for at least 12 months

### m3.5 CGT Small Business Concessions - Basics

**MUST be met for all Concessions**

### m3.5 CGT Small Business Concessions - 15yr

Takes Priority (in isolation) and cannot be used with any other concession.

However, the remaining concessions can be used in combination, subject to meeting all relevant conditions.

### m3.5 CGT Small Business Concession - 50% Reduct

### m3.5 CGT Small Business Concession - Retirement

**Retirement exemption conditions:**

- Basic conditions satisfied
- Individual taxpayers:
  - Aged  $\geq 55$ ; or
  - Aged  $< 55$  and gain put in superannuation
- Company/trust taxpayers:
  - $\geq 1$  significant individual just prior to the CGT event
  - Payment made to  $\geq 1$  CGT concession stakeholders (directly, or to superannuation, based on age)
- Capped at CGT retirement exemption lifetime limit of \$500,000

**Retirement exemption benefits:**

- Exemption of capital gain, up to lifetime limit
- Payments to CGT concession stakeholders are non-assessable non-exempt income
- Can also apply the small business 50% reduction and/or rollover

### m3.5 CGT Small Business Concession - Rollover

**50% reduction conditions:**

- Basic conditions satisfied
- Apply available capital losses against the capital gain first
- Reduce the capital gain by the CGT discount (for non-corporate entities)

**50% reduction benefits:**

- Reduce capital gain by 50% (after capital losses and CGT discounts applied)
- Can also apply the small business retirement exemption and/or rollover
- Distribution from company may be unfranked (if no franking credits available)

### m3.5 CGT Small Business Concession - 50% Reduct

**50% reduction conditions:**

- Basic conditions satisfied
- Apply available capital losses against the capital gain first
- Reduce the capital gain by the CGT discount (for non-corporate entities)

**50% reduction benefits:**

- Reduce capital gain by 50% (after capital losses and CGT discounts applied)
- Can also apply the small business retirement exemption and/or rollover
- Distribution from company may be unfranked (if no franking credits available)

### m3.5 Calculating Net Capital Gain/Loss

Category	Unfranked capital gain/loss P	Treatment of capital loss
Collectable	First element of cost $\leq$ \$500	Offset against collectable gain only
Personal use asset	First element of cost $\leq$ \$10,000	Unfranked
Residence	Nil	Nil
Capital losses = Capital gains	Net capital loss, to be carried forward	
Capital gains = Capital losses	Apply any carried forward net capital losses	

### m3.5 Calculating - Net Capital Gain/Loss (s.102-5)

### m3.4 Net Capital Gain/Loss - Key Points

#### Net capital gain – points to note

Each capital gain or loss for the income year that is not disregarded (exempted) is set off against each other.

A capital gain is **not** assessable income. Only the **net** capital gain.

Capital losses can only be applied against capital gains. ✓

Then apply carry forward net capital losses from prior years. ✓

### m3 Timeline

#### Timeline
