

Speech intention

moreover

however

There's another reason why

In case of

In a nutshell

I can't make up my mind (Nem tudok dönteni)

Are you ready to...?

To be honest

I don't care

You can't be serious

Are you kidding?

Let me give you an example

You are mistaken

That's not the same

That's the point!

Think of

On the other hand

I must say that

Statistics show

I am not saying that

There's no doubt that

What I'm saying is

It is said

Obviously

Speaking from experience

I believe that

though

To tell the truth

Basically

Don't be ridiculous

I agree with you

You also have to consider

What do you mean?

Speech intention (cont)

Come on!

Seriously

That isn't the point

There is a lot to be said for (Sok minden szól amellett,hogy)

If you want my opinion

As I see it

All in all

I'm dying to

In fact

It would be sheer madness if

You can't say this seriously

To cut a long story short

I can't see the use of...

Asking for opinion

What do you think of

Don't you think

What's your opinion on/of/about

How do you feel about

Do you have any thoughts on that

Would you (ever) consider

Are you for or against

Would you prefer

Would you rather

What are the advantages and disadvantages of

How do you see the situation

What's your position on

What's your point of view on

Giving opinion

I believe (that)

I don't believe (that)

I feel

I don't feel that

To be (quite) honest

(Quite) honestly

I must say

If you ask me

In my opinion

In my view

From my point of view

As I see it

The way I see it

Personally

Don't you agree that

I'd say that

I reckon (Úgy vélem,hogy)

I figure that

It seems to me that

As far as I'm concerned

I'm of the opinion that

I'd like to point out that

I'm (absolutely) convinced that

I'm sure that

I strongly believe that

I have do doubt that

Agreeing with an opinion

You bet!

You can say that again!

You're right

That's right

That's a good point

(I think) that's a good idea

Agreeing with an opinion (cont)

I (totally/completely/absolutely) agree (with you)

I agree with you entirely

I agree with this idea

I simply must agree with that

I am of the same opinion

That's exactly what I think

That's just what I was thinking

I think you're (absolutely/quite/dead) right

I couldn't agree with you more

There's no doubt about it that

That's just/exactly what I think/believe

Partial agreement or polite disagreement

Yes, but

But I thought

Don't get me wrong, but

Even so, if

Don't forget that

That's (quite/very) true, but

I see what you mean, but

I see your point, but

Perhaps, but don't you think that

Well, you could be right

I'm not sure that I agree with this idea

It is only partly true that

I agree with you in part, but

It is not as simple as it seems

I agree with you in principle (elméletben), but

I agree with you up to a point, but

That's one way of looking at it, but

Under certain circumstances

I respect your opinion, but

Disagreeing with an opinion

Come off it!

Forget it!

Don't be so silly!

You can't really be serious!

You've got to be joking/kidding!

I don't think so

That's not right

I don't agree with you at all

I'm sorry but I disagree

I totally disagree

I couldn't disagree more

I disagree with what you're saying

I don't share your opinion

I don't see it that way

I'm not sure I agree with you

I'm afraid I can't agree with you

I'm of a different opinion, because

I can't share this view

I beg to differ

What I object to is (Amit kifogásolok az az,hogy)

I have my own thoughts about that

We don't see eye to eye on that
