Oregon Immunization Cheat Sheet

by ShotCare LLC (ShotCare) via cheatography.com/61121/cs/15830/

Who Must File

Almost all Schools and Childcare Facilities need to file.
Child care providers that are registered with the Office of Child Care need to maintain an up-to-date Certificate of Immunization Status (CIS) form for each child in their care, **but do not participate in the immunization review and exclusion cycle.**

If you're unsure if you need to file, please contact the Oregon Health Authority at 971-673-0528.

Medical Exemptions

Permanent Medical: The condition is a medical reason not to immunize and it will not change in the future. Permanent medical exemptions do not need to be reviewed again. Children with permanent medical exemptions should be included in the susceptible list for the vaccines for which they are medically exempt.

Temporary Medical: The condition is a medical reason not to immunize but is short term and expected to resolve in the future. The health department will assign a future review date on the Medical Exemption Review Summary form and return the form to you. When the review date arrives, the child is required to obtain the necessary vaccinations, or the health department needs to be notified so they can review the documentation to determine whether there should be a continuation of the medical exemption.

Children who cannot get shots because of a medical reason need a note from a health care provider. The doctors note gets sent to the local health department to review. They will let you know if it is approved as a permanent or temporary medical exemption or if it is denied. If denied, the parent will need to either get the child vaccinated or obtain a nonmedical exemption.

Non-Medical Exemptions

Video Education Certificate: Certificate issued once the guardian has completed an online educational video.

Health Care Education Certificate: Certificate issued once the guardian has consulted with a Health Care Practioner.

Valid nonmedical exemptions must contain both a Vaccine Education Certificate either from the online module or a provider **and** a signed CIS form. See https://tinyurl.com/OregonNonMedical for more information.

Important Dates

Task	2022-23	2023-24
Publish Immunization Statistics on the web, post it at the Facility, Guardian copy - 30 days after school starts.		
Attempt to contact guardians whose children are due for shots - 30-90 days after school starts.		
Primary Review Summary - Sections A-D due to your local health department.	1/11/2023	1/17/2024
Health Department mails exclusion orders to children's families who are not up-to-date on their immunizations.	2/1/2023	2/7/2024
Exclusion day. All children who are not up-to-date or complete on their immunizations will be excluded from their school or child care facility.	2/15/2023	2/21/2024
Primary Review Summary - Updated Sections B-D and E-H due to your local health department.	2/27/2023	3/4/2024
Publish Immunization Statistics	3/17/2023	3/22/2024

For a complete timeline of events go to https://tinyurl.com/ImmTimeLine2022

ALERT IIS / ShotCare

The ALERT IIS is a statewide immunization registry. For more information go to https://www.alertiis.org
ShotCare can also be used **instead** of ALERT IIS.

ALERT IIS / ShotCare is a great way to obtain Immunization records.
