Seropositive Arthropathies - RA Cheat Sheet by Siffi (Siffi) via cheatography.com/122609/cs/22983/

RA - Clinical Features			
- Young - middle aged females		+ve RF/ RA latex	
Elevated ESR		Anaemia	
Fever		Fatigue	
Weight Loss		Muscle Soreness	
Muscle Atrophy		Fusiform/spindle like swelling	
Stiffness		Can be variable	
Radiology			
Synovial Oedema = Soft tissue Swelling		Rheumatoid Nodule = Subcutaneous	Soft Tissue Mass
Cartilage Destruction = Uniform Loss of Joint Space		Pannus Eroding Bone = Marginal Erosions "Rat bite"	
Intraosseous Pannus and Synovial Fluid ondral Cysts	Intrusion = Subchr-	Inflammatory Hyperemia = Juxtaartic	ular Osteoporosis
Fibrous Tissue Metaplasia = Ankylosis		Capsule, Tendon, Ligament laxity + rupture = Deformity (Swan neck & Boutonniere)	
Boutonniere = Flexion of the PIPs and E Swan Neck = Extension of the PIPs and			
Mangement of RA			
- NSAIDs		- Corticosteroids	
- DMARDs		- Conventional DMARDs	
- Biological Therapies (Anti-TNF)	NF) - Joint replacements if severe		re
RA - Sites			
RA affects the Har	nds, Wrist, Feet, Knee, H	lip, Cx Spine	
	nds, Wrist, Feet, Knee, F Ps, PIPs (1st), Carpals,	lip, Cx Spine ulnar styloid, Radiocarpal joint in a bilate	ral symmetrical fashion
In the Hands, RA affects the: MC			ral symmetrical fashion
In the Hands, RA affects the: MC RA of the Cx Spine			
In the Hands, RA affects the: MC RA of the Cx Spine - Atlanto-axial instability & impaction	Ps, PIPs (1st), Carpals,	ulnar styloid, Radiocarpal joint in a bilate	Dens Erosion
In the Hands, RA affects the: MC RA of the Cx Spine - Atlanto-axial instability & impaction - Pts who have RA in their feet and hand	Ps, PIPs (1st), Carpals,	ulnar styloid, Radiocarpal joint in a bilate	Dens Erosion - Decreased Disc Height
In the Hands, RA affects the: MC RA of the Cx Spine - Atlanto-axial instability & impaction - Pts who have RA in their feet and hand - Apophyseal Joint Disease	Ps, PIPs (1st), Carpals,	ulnar styloid, Radiocarpal joint in a bilate	Dens Erosion - Decreased Disc Height - Spinous Process Erosion
In the Hands, RA affects the: MC RA of the Cx Spine - Atlanto-axial instability & impaction - Pts who have RA in their feet and hand - Apophyseal Joint Disease - Subluxation	Ps, PIPs (1st), Carpals,	ulnar styloid, Radiocarpal joint in a bilate	Dens Erosion - Decreased Disc Height
In the Hands, RA affects the: MC RA of the Cx Spine - Atlanto-axial instability & impaction - Pts who have RA in their feet and hand - Apophyseal Joint Disease - Subluxation Juvenile RA	Ps, PIPs (1st), Carpals,	ulnar styloid, Radiocarpal joint in a bilate	Dens Erosion - Decreased Disc Height - Spinous Process Erosion
In the Hands, RA affects the: MC RA of the Cx Spine - Atlanto-axial instability & impaction - Pts who have RA in their feet and hand - Apophyseal Joint Disease - Subluxation Juvenile RA - Inflammatory Arthropathy <16 yo	Ps, PIPs (1st), Carpals,	ulnar styloid, Radiocarpal joint in a bilate	Dens Erosion - Decreased Disc Height - Spinous Process Erosion
In the Hands, RA affects the: MC RA of the Cx Spine - Atlanto-axial instability & impaction - Pts who have RA in their feet and hand - Apophyseal Joint Disease - Subluxation Juvenile RA - Inflammatory Arthropathy <16 yo	Ps, PIPs (1st), Carpals, Is are more likely to suffe RF + - Worst progr	ulnar styloid, Radiocarpal joint in a bilate	Dens Erosion - Decreased Disc Height - Spinous Process Erosion
In the Hands, RA affects the: MC RA of the Cx Spine - Atlanto-axial instability & impaction - Pts who have RA in their feet and hand - Apophyseal Joint Disease - Subluxation Juvenile RA - Inflammatory Arthropathy <16 yo	Ps, PIPs (1st), Carpals, Is are more likely to suffe RF + - Worst progr RF - (Still's disease	ulnar styloid, Radiocarpal joint in a bilate er of Cx complications nosis e: Muscle wasting, fever, fatigue)	Dens Erosion - Decreased Disc Height - Spinous Process Erosion
In the Hands, RA affects the: MC RA of the Cx Spine - Atlanto-axial instability & impaction - Pts who have RA in their feet and hand - Apophyseal Joint Disease - Subluxation Juvenile RA - Inflammatory Arthropathy <16 yo	Ps, PIPs (1st), Carpals, Is are more likely to suffe RF + - Worst progr RF - (Still's disease Classic - Systemic	ulnar styloid, Radiocarpal joint in a bilate er of Cx complications nosis e: Muscle wasting, fever, fatigue) Organ Involvement	Dens Erosion - Decreased Disc Height - Spinous Process Erosion - Osteoporosis
In the Hands, RA affects the: MC RA of the Cx Spine - Atlanto-axial instability & impaction - Pts who have RA in their feet and hand - Apophyseal Joint Disease	Ps, PIPs (1st), Carpals, Is are more likely to suffe RF + - Worst progr RF - (Still's disease Classic - Systemic Polyarticular - Bila	ulnar styloid, Radiocarpal joint in a bilate er of Cx complications nosis e: Muscle wasting, fever, fatigue)	Dens Erosion - Decreased Disc Height - Spinous Process Erosion - Osteoporosis

Cheatography

Seropositive Arthropathies - RA Cheat Sheet by Siffi (Siffi) via cheatography.com/122609/cs/22983/

- Soft Tissue Swelling	- Osteoporosis		
- Loss of Joint Space	- Articular Erosions		
- Subluxations	Growth Disturbances + periostitis Ankylosis in children		
Systemic Lupus Erythematosis			
- Rheumatoid Type (seropositive)	- Females (child bearing)		
- ESR Elevated	- LE cells present		
- ANA positive	- Marked Subluxation		
	gias - Elevated ESR, ANF, LE , RF +		
- Malaise, Fever, Skin Rash, Arthral	gias - Elevated ESR, ANF, LE , RF +		
- Malaise, Fever, Skin Rash, Arthral Radiographic Findings			
- Malaise, Fever, Skin Rash, Arthral Radiographic Findings - Bilateral, Symmetric reversible defo			
- Malaise, Fever, Skin Rash, Arthral Radiographic Findings - Bilateral, Symmetric reversible defe - Soft Tissue Atrophy	ormities - Osteoporosis		
Clinical Findings - Malaise, Fever, Skin Rash, Arthralg Radiographic Findings - Bilateral, Symmetric reversible defe - Soft Tissue Atrophy - Hand most commonly affected - Ulnar Deviation	ormities - Osteoporosis - Increased Incidence of AVN in Hip
