

### LOCKE

## John Locke's 2nd Treatise On Civil Government

*Treatise on Civil Government*

### Harm Principle

Mills, Utilitarian

Government can coerce people only to prevent harm to others

Free Speech, no censorship

"On Liberty"

### Harm Principle (cont)

Certain groups need protection from themselves: Children, "backwards" societies

### Harvard Ethics Class

Harvard University's Justice with Michael Sandel These are excellent videos discussing a variety of topics relating to ethics. Each video contains 2 classes, roughly 30 minutes each class.

### Thomas Hobbes

Video: <http://youtu.be/eejsB6PbaAk>

youtube:eejsB6PbaAk

### "Leviathan"

Nature of man is a state of war against every man against other men. Materialist. Temporary happiness is all that can be achieved in this life.

Traits like GRATITUDE & MODESTY enable people to live harmoniously together in society.

Life is solitary, nasty, brutish, and short.

### HOBBS

*a free man is he that in those things which by his strength and wit he is able to do is not hindered to do what he hath the will to do*

- Leviathan

### Thomas Hobbes

State of nature: Man's natural state = war & violence

Right of nature: Power of others constrains our acts

Laws of nature: Fear + desire for good life = peace

Laws & enforcement that make up the social contract. Ethical laws originate from agreements entered into by people & groups. = Social Contracts = give up some freedoms to get safety & group benefits  
Need absolute monarch to rule society & rebellion not allowed.

### Corrective Justice

Voluntary Transactions	Compensatory	Retributive	Restorative
Contracts, etc.	Limited to correcting injured party for losses suffered.	Punish wrongdoer	Comm reparation Restor both parties

### Corrective Justice (cont)

"eye for an eye"

### Distributive Justice

Deals with how goods are distributed fairly in a society. Finite number of things. Laws that govern the country.

**Rawls** - inequality justified only when it benefits everyone (encourage people to be more productive)

**Libertarian** - diversity in society is valuable and people should have freedom to keep what they earned. Never ok to take from one to give it to another.

**Rousseau** - excessive inequality destroys freedom if wealthy act like tyrants

### It's all about REASON

**Aristotle** Man alone is a rational animal and rationality (reason) should be used, among other things, to develop virtues.

Reason develops virtue, virtuous people have certain emotions which lead to right acts.

### It's all about REASON (cont)

Virtue of Character = using reason to choose and act well

Virtue of intellect = acquired wisdom or learning

**Kant** lived a life of structure and reason as reflected in his ethical concepts. *Critique of Pure Reason*

**Aquinas** Natural Law + reason = we should do what's naturally good and allow reason to restrain us from "natural" impulses that are bad

**Stoics**

### Empiricism, Rationalism, Pure Reason

Name several Empirical philosophers

Locke, Hume, Bacon

What is Empiricism?

Reasoning from senses using hard facts. (a posteriori)

What is Rationalism?

Some things are known without experience.

Name some Rational philosophers.

Descartes, Socrates, Plato, Aristotle, Leibniz, Spinoza

### Empiricism, Rationalism, Pure Reason (cont)

What was Kants view of reason?

Transcendental Idealism. "Critique of Pure Reason". Some reason we were born with (a priori) and some things we discover through experience.

### Imperatives

Categorical Imperative: Do X

Hypothetical Imperative:

If you want X, do Y

### HUME

*Naturalistic fallacy: can't get an "ought" from an "is"*

### Natural Law & Natural Rights

**Natural Law** is determined by nature = universal (universe is morally neutral).

Refers to the use of reason to analyze human nature and deduce rules of moral behavior from it.

Supporters: Thomas Aquinas, Thomas Hobbes, John Locke.

Because of the intersection between **natural law** and **natural rights**, it has been cited as a component in the United States Declaration of Independence

### Natural Law & Natural Rights (cont)

*Jefferson: Life, Liberty & the Pursuit of Happiness*

Wikipedia = Natural Law

**Natural rights** are those not contingent upon the laws, customs, or beliefs of any particular culture or government, and therefore universal and inalienable (i.e., rights that cannot be repealed or restrained by human laws).

Wikipedia = Natural Rights

### It's all about PLEASURE

Hedonist maximize net pleasure (minus pain)

Epicurian (moderation)

Egoism (long term rational personal self interest)

Asceticism (no good for yourself - like spiritual people who deny all pleasure)

Altruism (what's good for others, not necessarily self)

Consequences? PLEASURE!

### Jeremy Bentham

Utilitarianism - greatest good for greatest number of people. Group happiness. Consequential. Hedonic Calculus. Don't abuse animals because they feel pain.

Modified the philosophy of Epicurus (the first utilitarian).

Motivated the Philosophical Radicals (group of social reformers in early 19th cent)  
Human happiness not natural rights.  
Universal male suffrage.

*Yes, that's Bentham's embalmed head at the foot of his body. You really should look into THIS guy!*

### Bentham's Hedonistic Calculus

1. Intensity (I)--How intense is the pleasure or pain?
2. Duration (D)--How long does the pleasure of pain last?
3. Certainty (C)--What is the probability that the pleasure or pain will occur?
4. Propinquity (nearness or Remoteness) (R)--How far off in the future is the pleasure or pain?
5. Fecundity (F)--What is the probability that the pleasure will lead to other pleasures?
6. Purity (P)--What is the probability that the pain will lead to other pains?
7. Extent (E)--How many persons are affected by the pleasure?

*Memory tip: PC FRIED*

### BENTHAM

#### Greatest Happiness Principle

*Actions are right in proportion as they tend to promote happiness, wrong as they tend to produce the reverse of happiness.*

### Greatest Happiness Principle

Utilitarianism - Jeremy Bentham's formulation

One must always act so as to produce the greatest aggregate happiness among all sentient beings, within reason.

John Stuart Mill's major contribution to utilitarianism is his argument for the qualitative separation of pleasures. Bentham treats all forms of happiness as equal, whereas Mill argues that intellectual and moral pleasures (higher pleasures - Shakespeare) are superior to more physical forms of pleasure (lower pleasures - The Simpsons).

### BENTHAM

Attacked the notion of natural rights as "*simply nonsense: natural and imprescriptible rights, rhetorical nonsense -- nonsense upon stilts*"

### Hume

Our moral actions are not guided by reason but by our feelings.

Doing good gives people pleasure.

Virtue is driven not by benevolence and sympathy (not self-interest)

Slave to passions

### REMEMBER THIS...

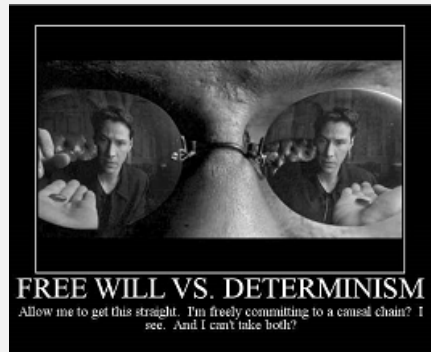

A few memory tips...

"Treatise of HUMAN Nature" written by HUME

"Man is the MEASURE of all things" by PROTAGORAS

*a priori* = PRIOR knowledge, *a posteriori* = POST = "after" knowledge

### Determinism

Thoughts, behaviors and decisions have to happen because previous events and laws of nature determine them.

pre-destination ~ determinism

Conflicts with philosophies based on concepts of individual freedom.

### Prima Facie Duties

#### W.D. Ross

*The Right and the Good* (1930)

Best known for developing a pluralist, deontological form of intuitionist ethics.

Edited and translated many of Aristotle's works.

1. beneficence
2. non-maleficence
3. justice
4. self-improvement
5. reparation
6. gratitude
7. fidelity (promise keeping)

In a situation, many of these duties may apply. Sometimes they may contradict one another. One duty is always the weightiest and over-rides all the others. This is the absolute obligation or absolute duty, the action that the person ought to perform.

I promise to meet my friend for lunch at 12:00. On the way I walk past a burning building and see some children who need help escaping. What do I do?

Kant - keep the promised lunch date

Ross - helping the children outweighs the other promise keeping duty so do that first

Ethics in America, Introduction to Computing, Principles of Supervision, Substance Abuse, Business Mathematics, Principles of Public Speaking, Fundamentals of College Algebra, Technical Writing

Each chapter contains a Diagnostic Test (20 questions), several pages of information about the topic followed by a post test (60 questions)

Find it here on Amazon

### Categorical Imperative

**Kant**

- Act only according to the maxim by which you can at the same time will that it should become a universal law. *Universality* If I can do it, everyone can do it.

- Act so you treat humanity (self/others) as an END and never merely as a MEANS.

### KANT

*Metaphysics of Morals.*

*Critique of pure reason.*

*Doctrine of Right, Doctrine of Virtue*

### It's all about DUTY

Deontologists. Kant.

### Economic Inequality

**Egalitarian** - drastic inequality is unfair & unethical

**Rawls** - people in "original position" would oppose inequality unless it was justified to all

**Act & Rule Utilitarians** - relief of poverty would bring greatest happiness to greatest number

**Nozick** - unethical to tax labor of one to give to another

### Animal Rights

Historically, animals were outside the ethical frame.

Bentham, Utilitarian = animals can experience pleasure or pain. This consideration must be balanced against any offsetting benefit.

### Carol Gilligan

Video: [http://youtu.be/2W\\_9MozRoKE](http://youtu.be/2W_9MozRoKE)

youtube:2W\_9MozRoKE

1936- American educator/psychologist.

Watching young boys/girls play games. Observed even in young children, boys tend to be oriented towards the "rules of the game" while girls are less focused on rules and often quit playing to avoid conflict.

**Ethics of Justice** = Men = rules > emotions

**Ethics of Care** = Women = Consider relationships & responsibilities

### It's all about DIVINE COMMAND

What God commands is ethically right and what God prohibits is ethically wrong.

(If God doesn't mention it, we assume it is "maybe OK".)

Hebrew Bible

Christian Bible

Islam

Aquinas (Christian + Stoic + Aristotle)

(Natural Law)

(Natural Law = God commands it because it is wrong)

### GANDHI

*"I object to violence because when it appears to do good, the good is only temporary; the evil it does is permanent."*

### Gandhi

Universe = organic whole

Philosophy = several planes - the spiritual or religious, moral, political, economic, social, individual and collective. God at core.

Human nature = fundamentally virtuous. All are believed to be capable of high moral development and reform.

### TRUTH & NONVIOLENCE

emphasis on practical idealism rooted in highest religious idealism

[Read more.](#)

### GANDHI

*"I believe in equality for everyone, except reporters and photographers."*

### Libertarians

opposed to political restrictions on individual freedom. Respect for other people means letting them pursue their own concept of what is good.

Freedom of speech, religion & privacy  
freedom from coercive interference from the government

Minimal government

Locke, Rand, Mill, Nozick\*

### NOZICK

*Individuals have rights and there are things no person or group may do to them (without violating their rights).*

### Nozick

Compared income tax to forced labor and stated that the redistribution of wealth is only justifiable when it is resolving a past injustice.

Libertarian\* Later in life he recanted the libertarian position because of implications for the weakest members of society.

### John Locke

Life, Liberty & Property. Tabula Rosa.  
Empiricist. Father of Classical Liberalism.  
Treatise on Civil Government, Human Nature.

### Immanuel Kant

Moral law. He was a proponent of duty.  
Motive based on duty=moral.

Categorical Imperative= would you still think it is virtuous if everyone did it? Tell us what to do NOT based on desires. People can only be the end not the means to an end

Doctrine of right=justice & law

Doctrine of virtue=ethics & virtue

Hypothetical Imperative=people who want to achieve a goal they refer to..?

John Locke compared to Thomas Hobbes

youtube:N2LVcu01QEU

### Emotivism

Emotivism is a meta-ethical view that claims ethical sentences do not express propositions but emotional attitudes (also known as the hurrah/boo theory)

- Ayer

"Stealing is wrong." This is just an emotional opinion that relates solely to how I feel about this issue.

### Corrective Justice - Types of Punishment

**Disablement** - placing convicted criminal in prison or executing

**Deterrence** - potential criminals attempt to avoid being imprisoned/executed, so they do not commit crimes

**Rehabilitation** - prisoners spend time earning an education or learning a trade that can be used once released from prison to avoid the lure of criminal activity.

### Prescriptivism

Using moral statements to prescribe a general course of action. "Stealing is wrong, so no one should steal."

### Intuitionism

You instinctively know if it is right or wrong. "Come on man, you know it's not right to steal that."

### SOCRATES

"An unexamined life is not worth living"

### Branches of Ethics

**Descriptive** = Describes ethical standards of a society

**Normative** = evaluates and searches for norms in a society, what people should believe to be right or wrong

**Applied** = applying ethics to specific problems

**Meta-Ethics** = studying the nature & meaning of moral judgments, terms & concepts

[Click here for a pdf \(UMass Amherst\)](#) with lots of good information describing the difference.

### Alison Jaggar

### Feminist Ethics

She was instrumental in the creation of the field of feminist studies, and taught what she believes to have been the first feminist philosophy course ever offered

### Utilitarianism

Utilitarianism - What brings about the greatest good for the greatest number of people?

- Bentham, Mills

**Act Utilitarianism:** The act which brings the greatest increase in overall happiness. Varies with circumstance.

**Rule Utilitarianism:** Follow moral rules

### Augustine

Theologian/Philosopher - Happiness is the basis for philosophy.  
 Happiness is growing in the knowledge of God.  
 Man's original nature: depraved & bound by original sin.

### Buddhism

Reincarnation or nirvana  
 Ancestors are honored but not particular gods  
 Siddhartha Gautama "Buddha" - the enlightened one (was a Brahmin priest)  
 Life is suffering. 4 noble truths. Live helpful life. Eightfold path.  
 Happiness comes from being loving, compassionate, patient, forgiving and responsible.

Actions & Duties

### BUDDHA

*And what, monks, is Right View? It is, monks, the knowledge of suffering, the knowledge of the origin of suffering, the knowledge of the cessation of suffering, and the knowledge of the way of practice leading to the cessation of suffering. This is called Right View.*

### BUDDHA

*Holy community (Aryasamgha)*  
 The reality of human interdependence with all other beings.  
 cultivate universal awareness, including harmony with nature. Our most important duty is not to harm living beings (ahimsa).  
 All living beings, not just humans, have a correlative right not to be harmed.

 Athens vs. Melos  
 Domestic=social contract,  
 Foreign policy=no contract (strongest state rules).

### Thucydides (cont)

Individuals are basically selfish and not moderated by moral rules (very cynical of human nature).

### Aristotle

The virtues as discussed in Aristotle's *Nicomachean Ethics* (NE)

Virtue	Sphere of excellence	Discussion in NE
Courage	Fear and confidence	II,6-9
Temperance	Body pleasure and pain	III,10-12
Generosity	Giving and retaining money	IV,1
Magnificence	Giving and retaining money on a large scale	IV,2
Greatness of soul (liberality)	Money on a large scale	IV,3
Friendliness	Money on a small scale	IV,4
Even temper	Anger	IV,5
Friendliness	Social relations	IV,6
Truthfulness	Honesty about oneself	IV,7
Wisdom	Conservation	IV,8
Justice	Distribution	V
Friendship	Personal relations	VIII

### Sparks Notes

**Moral virtues** - indicate excellence of character = temperance, courage, self-respect, gentleness, truthfulness, generosity (liberality). (*learn by habit & practice*)

**Intellectual virtues** - scientific knowledge, intuition, practical wisdom, skill & wisdom (scientific knowledge + intuition). (*learn through instruction*)

Autonomy of will to choose mean

### Sophists

teachers/lecturers of virtue & excellence (not philosophers) who taught their beliefs for a high price in Athens where there was free speech and money  
 Protagoras  
 1st Relativist - relies on persuasion more than truth. Every point of view is equally valid and different people have different standards of behavior

### Sophists (cont)

Growing democratic system in Ancient Greece most likely led to it. They traveled around talking politics with Athenian citizens who were required to participate in politics.

### MILL

*"Actions are right in proportion as they tend to promote happiness, wrong as they tend to produce the reverse of happiness"*

- Utilitarianism

### Adam Smith

Founder of capitalism.

Common good of society advances when individuals focus on benefiting themselves (moral egoism)

### It's all about HAPPINESS

Mill, Bentham, Hedonists, Aristotle, Kant, Socrates, Epicurus

### John Stuart Mill

Father = Member of Radicals, friend of Bentham.

"On Liberty". Utilitarian.

Only time government has moral authority to limit person's liberty is when harm may occur otherwise.

"The Subjugation of Women"

### St. Thomas Aquinas

A 13th century Catholic priest who drew a connection between theology & science. He believed learning about nature was a way to learn about God.

Just War

*Summa Theologica*

4 Cardinal Virtues : prudence, justice, fortitude, temperance

7 Deadly Sins: pride, avarice, lust, envy, gluttony, anger, sloth

Natural laws are self evident

Laws should punish offenders.

People have a natural inclination to want to protect life & be good.

Liked Aristotle and added faith, hope & love.

### ARISTOTLE

Everything in life has a purpose

### Moral Law

Similar to physical, scientific laws in that it is universal. Can be discovered through human nature and reason.

Natural law theory

Social contract theory

Kantism

### It's all about CONSEQUENCES

Action is good/bad based on consequences of the action. Focuses on outcomes, not actions.

Hedonism = pleasure/pain

Epicurus = pleasure, no gods influence, moderation

Cyrenean = anything goes

Utilitarianism = good if good consequences outweigh bad for all

Altruism = welfare of others more important than self

Egoism = all about me

### Morals vs. Ethics

**Ethics** = wider view (society, workplace) of what's right or wrong

**Morals** = someone's personal values & feelings about ethical subjects

### Roe v. Wade

1973 Supreme Court ruling. Woman has non-absolute right to choose abortion during the 1st trimester of pregnancy.

1st trimester (1-3 months)

- Woman's sole choice

- State has no authority

2nd trimester (4-6 months)

- Woman's choice

- State may intervene only to protect woman's life

3rd trimester (7-birth)

- State may protect "potential human life" except at risk to mother

### LOCKE

*Human Understanding* Reason

### Various Ethical Perspectives

#### Utilitarian

the one that will produce the greatest benefits and least harm

#### Kantian

the one that most dutifully respects the rights of all affected

#### Social Contract

the one that contributes most to the achievement of a quality common life together

#### Virtue Theory

the one that embodies the habits and values of humans at their best (right being over right action)

Ask each of these perspectives the question:

*"What is the ethical action?"*  
and they would say....

### Cosmogony

Ancient Greek theory that deals with the origin of the universe, especially the solar system.

Cosmogony can be distinguished from cosmology, which studies the universe at large and throughout its existence, and which technically does not inquire directly into the source of its origins.

### Cosmogony (cont)

Physical cosmology is the science that attempts to explain all observations relevant to the development and characteristics of the universe as a whole.

The Big Bang theory is the prevailing cosmological model of the early development of the universe

### PYTHAGORAS

#### Pythagorean theorem:

*"The sum of the areas of the two squares on the legs (a and b) equals the area of the square on the hypotenuse (c)."*

$$a^2 + b^2 = c^2$$

### Pythagoras

### Pre-Socratic Philosopher

Ionian Greek, mathematician, founder of "Pythagoreanism" c 570 – c. 495 BC

Great mathematician & scientist. (Pythagorean theorem)

The philosophy associated with him was related to mathematics and numbers were important/magic. Reincarnation. Cosmologist.

He may have been the first man to call himself a philosopher, or lover of wisdom.

John Rawls "Theory of Justice". (*Aristotle also defines Justice in "Nichomachean Ethics"*)

### Just War

What is Jus ad Bellum?

When use of force is justified. (right to go to war)

What is Jus in Bello?

Ethical behavior during a war.

Who outlined this theory?

Thomas Aquinas

### Just War (cont)

What are the 3 criteria that need to be met

1. Authorized by proper authority. 2. Good reason (self defense) 3. Peace is the ultimate goal

1. Authorized by proper authority. 2. Good reason (self defense) 3. Peace is the ultimate goal

What 3 criteria need to be met in during the conduct of a war?

1. War against military only and not civilians. 2. Use of proportional force. 3. Use of minimal force.

### SOCRATES

"Committing an injustice is worse than suffering one."

### Aristotle's Justice

### Study Helps

Wise Owl Guide to DSST Ethics in America is a great study help when preparing for this test. It even comes with a sample quiz in the back.

### Slightly describing meta ethics

Video: [http://youtu.be/5uLH8yro8\\_I](http://youtu.be/5uLH8yro8_I)

Meta-ethics = branch of philosophy concerned with what makes moral statements true or false or if they even can be right or wrong

### Metaphysics

Morality should be valued in itself and relate to our understanding of the world and our place in it. Moral choices are related to our understanding of life.

### ARISTOTLE

Golden Mean - the desirable middle between two extremes, one of excess and the other of deficiency  
recklessness --- **courage** --- cowardice

### Jean-Jacques Rousseau

"The Social Contract". Man's original nature = good. **General Will** - vote is the best thing for most people in a society. Direct Democracy. People can revolt at any time. Inspiration for the French Revolution. DON'T give up freedoms to a government. No political parties - everyone should represent themselves and participate in making & obeying laws. Disobey laws = forced to be free.

People are naturally inclined to self protection & pity others

*Discourse on Political Economy*

### Snazzlefrag's Study Notes

Snazzlefrag's Notes to help you study for the DSST exam.

### Hinduism

Body dies, soul immortal.

Ahimsa - do no harm  
Vedic, Bhagavadgita - writings  
Samsara - religion  
karma - actions determine what happens to you  
Dharma - righteous duties of person to people and gods.

Brahmins, Kshatriyas, vaisyas, sudras, pariah (untouchables)

Cows are sacred

Actions & Duties

### Plato's Soul

"The Republic" The Soul can be compared to an Ideal City.

Reason (Intellect) = Rulers (Philosopher-kings)

Appetite (desire) = Workers (producers motivated by some greed)

Spirit (emotions, honor) = Guardians/Warriors (unselfish, moral & courageous)

Political justice replaces democracy & tyranny

1. Rule: non contradiction
2. reason contradicts appetite so they are separate
3. spirit contradicts appetite & reason so it too must be separate

### It's all about EXCELLENCE

The pursuit of excellence is most often linked with Ancient Greece.

**Arete** Greek word - in its basic sense, means "excellence of any kind".

### Stoicism

Video: <http://youtu.be/VqmOs8Zqw5o>

**youtube:VqmOs8Zqw5o**

Absolute law rules the universe and humans can't change fate.

Virtue requires living & acting according to reason and self-control

Epictetus (Roman slave tortured by his master exemplified this philosophy)

### Epictetus

the Handbook "Enchiridion"

### Nel Noddings

Focused her research on origins of care within the home (parent-child relationships)

Natural caring - care because of attachment, friendship or love

Ethical caring - care because it's the "right thing to do"

### RAND

*If some men are entitled by right to the products of the work of others, it means that those others are deprived of rights and condemned to slave labor. Any alleged "right" of one man, which necessitates the violation of the rights of another, is not and cannot be a right.*

### Ayn Rand

Video: <http://youtu.be/HXtiDVYvVK8>

Me, Me, Me, Me...

Egoism, Consequential. No man has the right to force another to do something. Reason = values and action. Objectivism - Rational happiness is the highest moral purpose. Opposed Kant.

youtube:[HXtiDVYvVK8](http://youtu.be/HXtiDVYvVK8)

*Fountainhead*  
*Atlas Shrugged*

### KANT

**a priori** - you are born with some intuitions that you know to be true before you have any experience (Plato's forms, Descartes, Aquinas) Causality, Space, Substance, Time (CSST)

**a posteriori** - ideas form after contact with reality. Relies on information from your experience (Empiricism, Hume, Mill)

**Phenomena** are the appearances, which constitute our experience - refers to anything that appears to, or is an object of, the senses

**noumena** are the (presumed) things themselves, which constitute reality - object or event that is known (if at all) without the use of the senses (Plato ideas = noumenal realm)

Our a priori judgments apply to the phenomenal realm, not the noumenal.

### Double Effect Principle

Summa Theologica - St. Thomas Aquinas

Action can have 2 effects - Good & Bad

1. Object of act must = good. Do good, avoid evil.
2. Bad must not have been intended but can be tolerated as foreseen
3. Good can't come from result of evil effect.
4. Foreseen good greater than or equal to evil tolerated.

Never ok to do evil even if good results

### Suicide

Plato - wrong unless gods encourage it

Stoic - acceptable when it seems like a reasonable and justifiable act

Jews & Christians - believe God prohibits suicide

Utilitarian - moral only if increases total happiness of everyone involved

Kant - always an immoral act

### Euthanasia

Active - killing a sick or injured person for the sake of mercy, possibly giving a high dosage of drugs

Passive - letting someone die without attempting to save them

Voluntary euthanasia - Competent and completely informed patient freely requests/consents to death

Nonvoluntary euthanasia - incompetent patient or one who has not given consent

Involuntary euthanasia - Intentionally killing a patient against his/her will - considered murder

Autonomy = informed consent
