

Create a new Django project

Django-admin startproject MyProject

Goto MyProject Folder

Python manage.py startapp MyApp

Open settings.py file

Django Project settings

add app name in INSTALLED APPS []

Open views.py file

```
create a view e.g def index(request) return  
HttpResponse("Hello World")
```

Open urls.py file and add url pattern as
`path("index",views.index)`
