

The Ideal Profile

Grades	IELTS/ TOEFL Score	GRE/GMAT score	Intern ships
Research Paper	Extra Curricular Activities	Knowledge of German Language	

GRE/GMAT Test Requirement

GRE/GMAT score is not compulsory but if you have these test scores, it greatly increases your chances. Regardless, if it is not asked during the application process, your chances increase very high with a good GRE score (315-320 plus) or with a GMAT score of 600 plus.

Extra Curricular Activities

Your extra Curricular Activities: Apart from Academics, what extra activities you have been part of also make a lot of difference to your application. Sports, Volunteer work, knowing a foreign language, international travel, student exchange programs, any leadership roles you have during college time, part of any student club, committee members, etc; adds a lot of value.

Ideal Grades

Grades - minimum 2.5GPA (equivalent to 70%)in German Grading Scale to get your profile assessed. 2.0GPA(79-80%) offers a great chance to enter into TU9 Universities.

Internship/Project Work

Internship/Project work: Remember to complete at least 2 internships while you are still finishing your Bachelor's degree, either of 3 years or 4 years. Internships are essentials for assessment purposes and how much a candidate applied his theoretical knowledge into application. With 0 internships, it becomes very hard to get into TU9 Universities.

Knowledge of German Language

Knowledge of German Language up to A2 level. Although it is not required to have German language knowledge, it is a part of hidden understanding regarding your suitability as a candidate, who is willing to adopt the culture and learn a language. It helps in integration and also makes the admission committee believe that you are prepared for your stay in Germany as an international student.

English Language Requirement

IELTS with a minimum of 6.5 bands and no section less than 6.0. You can also pursue a TOEFL score with a minimum score of 90 to keep your chances high of getting selected. DO not use MOI as an alternative to getting into TU9s.

Research Papers

Research paper: Publishing a research paper in International Journal really helps your chances for TU9. Any research work/paper or bachelor thesis which you could undertake during your graduation period is really helpful.
