

Character Stats

Strength	For Melee attacks and Melee dmg. A successful Melee hit ALWAYS does at least 1 pt of dmg
Agility	Effects AC, ranged attacking, initiative, dual-wielding, and REFLEX saves
Stamina	Effects HP and FORT saves. You always earn at least 1HP per level, no matter what your STA stat is. If STA 5 or less, you always take double dmg from poison and disease
Personality	A very important stat for PCs, as they are trying to be popular TV personalities. Not a dump stat!!! Messengers and Blaster use to cast spells, Jammers use to boost the crowd. If you're gonna Grandstand, you'll need this
Intelligence	Perception, discern info, etc. If INT is 7 or less, you can only speak one language, INT = or < 5 means you're utterly illiterate
Luck	Favor of the gods! Applies to Birth Auger, and what you apply your Luck to Your LUCK MOD never changes, even if you burn/lose some luck Luck also effects rolls like crits, fumbles, etc.

Character Stats (cont)

	You can permanently burn luck on a 1:1 basis to boost a die roll
	You can roll vs Luck for certain special feats, Judge must agree to you using it that way
	Luck can be regained over time, especially if you do stuff your deity likes
Saving Throws	- all level 0 PCs start with +0 to all saves but do get the STAT mod bonuses to the save
	FORTITUDE - boosted by STAMINA, use vs physical threats
	REFLEX - boosted by AGILITY, use for reaction--based situations
	WILLPOWER - boosted by PERSONALITY. Use vs mind-influencing threats
Languages	Everyone starts with English For every point of INT mod, you get one more language as appropriate

Roll 3D6 down the line for all of these. No wimping out!

Level 0 PCs

1d4 HP modded by STA	0 XP
1 random equipment package p.73	1 random occupation p.16
1 weapon and training for it (choose from club, dagger, sling, spear)	Some basic gear/equipment

Level 0 PCs (cont)

+0 to all attacks and saves (modded by applicable stats)	1d4 crit die on Crit Table 1
Level 0's who start with a specific weapon also are proficient in that weapon	Ignore the -1d attack penalty for using weapons they are not familiar with, as they pretty much suck in general
Alignment - Law, Neutrality, Chaos
