Basic Laws

Life is hard for EVERYONE

Everything you are or will be is entirely up to

You can learn anything you need to achieve what you want to achieve

Visualization Steps

Your Subconscious cannot tell the difference between a real experience and one you can vividly imagine

- Vividly envision the positive outcome in as much detail as your imagination can muster
- 2. Charge the image with intense positive emotion, really feel what expect to feel once your vision is achieved
- The longer you can hold this emotion charged, vivid creation of your success in your mind, the more motivated you will feel
- 4. Perform this exercise often until you see the results manifest in the real world

Affirmations

Affirmations should be positive, present tense, and personal. By simply stating to ourselves who we want to be, we teach our subconscious to make that the natural state:

I LOVE MYSELF

SOMETHING WONDERFUL WILL HAPPEN TODAY

I BELIEVE IN PERFECT OUTCOMES TO EVERY SITUATION

I AM NOT A SMOKER

I AM RESPONSIBLE AND IN CONTROL OF MY LIFE

I AM FINANCIALLY COMPETENT AND SUCCESSFUL

I AM XX POUNDS

Eliminate Negative Emotions

Eliminate Destructive Criticism from your dialogue

Refuse to blame anyone for anything, you are responsible

Refuse to be manipulated into feeling guilty
Refuse to discuss the guilt of others,
gossip, etc

Sources of Stress

Worry

Worry is fear caused by indecision, uncertainty, or inaction. Mitigate worry by living one day at a time and clearly defining "worry situations."

Lacking

By defining your positive

Clear

outcomes and plans, you give yourself a path to walk on with or Purpose

Incomplete Any incomplete actions (open Action loops) in your responsibilities will weigh on your subconscious until resolved

Unfinished Any unresolved personal
Business feelings, grudges, or
resentment will weigh on your
mind until resolved

Sources of Stress (cont)

Fear Fear of Failure manifests as a of lead feeling in your chest and a Failure thought of "I can't" in your mind.

Mitigate this feeling with solution based thinking and the Law of Substitution

Denial Kicking concerns "under the rug" creates a mental drain. Those issues are still present and the stress caused by inaction will lurk until the situation is addressed.

Anger is the most destructive of all negative emotions. Giving in to anger is CHOOSING to give up control. YOU CAN CHOOSE TO RESPOND TO DIFFICULTIES IN A CALM, POSITIVE MANNER

Self-Concept

Anger

Self- who you are in a perfect world, Ideal who you aspire to be

Self- How you see and think about Image yourself

Self - How you feel about yourself (how worthwhile and valuable you feel + how capable you feel in what you do)

Steps for Constructiv	e Feedback
Protect the individual's self-esteem at all costs	Always begin with a positive statement
2. Focus on the future, not the past	"Next time, try this"
3. Focus on the behavior, not the person	"Your [blank] needs improvement" (not YOU)
4. Retain ownership of your feelings	"I am disappointed with this" Instead of "you disappoint me"
5. Get clear agreement on what is to change, when, and by how much	Be specific as well as solution and future-oriented
6. Offer to help	"What can I do to help with this situation?"
7. Assume the other person wants to do a good job and that mistakes or a poor job are not deliberate	The problem is often limited skill, incomplete inform- ation, or a misund- erstanding of some kind
